

SELF-EFFICACY (MEDICATION GROUP)

ID No.				
Form Type	S	B		

Part I: Visit Identification

- Patient's initials:
- Date completing this form: F 62-DAYS
Month Day Year

Part II:

Please read each item and place a number at each blank which best represents your certainty or confidence based upon the scale above the items. Your answer may fall anywhere between 0 and 100.

0 50 100
(Absolutely I cannot do it) (Absolutely I can do it)
Rating (0-100)

I Will Be Able To:

- I understand my medical regimen 80
- Recognize the potential side effects of the medication 85
- Take my medication as indicated on a regular basis 85
- Be more confident going into cold situations 85
- Be better able to tolerate cold exposure 85
- Engage in more diverse activities through the use of medication 85

Part III:

0 50 100
(No confidence at all) (Extremely confident)
Rating (0-100)

I Believe That:

- Medication will have a stress reducing effect on my life 85
- Medication will increase blood flow to my hands 85
- The risk of potential side effects is outweighed by the benefits to be expected from the medication 85
- Medication is a good treatment for Raynaud's 85
