

The Employee Assistance Program will be conducting

# Depression Screening Week

October 6 - 10, 2008

Untreated depression affects your overall quality of life, contributes to stress management problems and creates social isolation.

Come in and be screened!

Come in for a 20 minute screening if you:

- are bothered by a depressed mood most of the day
- have feelings of worthlessness
- are unable to focus/concentrate
- have trouble sleeping or eating
- or if you have any other concerns about depression

Appointments are required for this screening.  
Call EAP at x2733 or x4567 to schedule an appointment or email [nlosinno@bnl.gov](mailto:nlosinno@bnl.gov).
