

# BRAZIL & US TECHOPEN HOUSE

**Wednesday, June 30, 2004**

Plenary Session: Green Auditorium

Time: 9AM -11:30AM

Poster Session : Admin Bldg. Lect. Rm. A & B,

Poster Hallway and Employees Lounge

Time: 11:30 AM - 5PM

This event will provide U.S. organizations dealing with science, technology and innovation (S, T & I) an opportunity to learn about Brazilian S, T & I programs and institutes supported by the Ministry of Science and Technology in the areas of Engineering and Manufacturing, Energy, Sustainable Development and the Environment, and Life Sciences.

The event begins with a plenary session in the morning followed by a poster session in the afternoon. The plenary session will include high-level representatives from the Department of Commerce Technology Administration, NIST, the Embassy of Brazil, and the Brazilian Ministries of Science and Technology and of Development, Industry and Foreign Trade. The Brazil - U.S Technology Open House will bring representatives from institutions and enterprises from all across Brazil. The speakers will outline how science and technology is supported in the U.S. and Brazil, what institutes are conducting science and technology in Brazil and in which areas. The poster session will include posters from Brazilian and U.S. organizations who have programs in science and technology.
