Baptist on Street letter Mo. Sept 22  
My Dear Julia

Your long looked  
for & much welcome letter was received  
a few days ago and nothing could have  
given me more pleasure at the time it  
brought many things to my mind that  
I had entirely forgotten and before I  
had closed reading it I was bathed in  
tears. Could you and all our friends al  
l know how much pleasure it was  
for us to hear from you I am sure  
you would write often than you do  
I was sorry to hear that you had been  
sick and I was not slow to wait  
upon you and to kiss your parched lips  
Julia I love you better than I ever did  
in my life and would give any thing  
or call for a few moments communion  
with you to tell you of my troubles &  
hardships I have endured since I  
left you again but it is impossible at this  
time for you to come to see me if it  
was possible. I know you cannot come  
now if there was any possible chance

you may depend that I would leave  
no means untried to accomplish it.

I do not know when we will leave this  
Camp but when we do I suppose we will  
go on down to the Arkansas river. we have  
stoped here for what purpose I cannot tell  
unless it is to wait for the sick to come  
up which is behind there is some ten  
or twelve behind that is not able to  
travel. Capt Gamble from Washington  
died a few days ago & one of our Company  
also died about the same time. William  
Wright a son of Uncle Amos Wright of  
Sevier County I wrote to you that White  
was killed on the battle field at the river  
I wrote you had heard that it was the  
Case but found out it was a musket  
through shot through the back of the head  
with a musket ball in it in evening,  
you wrote you had sent some nothing  
larger than a drin briar I left I am  
very sorry that I cannot send you some  
now. but have not drawn on pay yet  
and do not believe there is ten dollars in  
the Company our lab tells us that as  
soon as we get to head quarters which  
is near the state line we will draw

all that is due us. and you may rest assured that I will send you all that I can which will be fifty or Sixty five dollars. and more if I can we have no war news only what you have already heard we hardly ever get a news paper and when we do it is as old as the hills; I wish I could get the S.W. Democrat every week but then it would take so long to get it here the news would not be interesting or general concerning home

You speak of having my Ambrotype to look at and sending news over it - oh that I had yours & my sweet little Fairnis to look at - I know that I would bathe them in tears for the thought almost makes me cry. I want you to send yours & Little Fairnis when Brown comes back.

Tell Miss Fairni that I am very much obliged to her for the few lines she dropped in your letter I will write to her in a few days & give her a description of the ladies of this country. There was a Ball given in town last night - I did not go myself, for I could not

enjoy my self and think of you at  
home. you wanted me to tell you  
who it was that ran af from the  
battle field. I cannot say for their  
friends would think hard of me  
it is Sunday and we are all going  
to Preaching.

Maj Brown starts in the morning  
for Seven County. for our clostly  
I want you to make about two suits  
of heavy clothing and two fancy  
Gowns. one Suite will do if you have  
not time to make more. though  
I hope I will be at home before I  
have much use for them  
write a long letter to me by time when  
he returns tell all my friends to write  
I must close may god help you  
and be with you til I return good by.  
Remember me & believe us ever your  
affectionate husband forever

No doubt you will  
be surprised to receive a letter from me  
at this place, but such is war. Camp one  
night at one place and in all probability  
start at day break to some unknown  
part of the world that you had never dreamt  
of going to before. We arrived at this City  
about 3 o'clock this evening, the Boys are  
still paraded there about. There thousand  
troops. in all these they will take sufficient  
time of march in the morning for Duvall's  
Bluff, on White River, our Regiment will not  
start before the day after tomorrow being as  
our train Bullets are all very new broke  
down forward marching. Since we left  
Van Buren

I have very little news to give you, even  
our Colonel has not the remotest idea of  
the object of this grand move of all the  
Army, unless it is to reinforce Gen. Beauregard  
who is ~~sailor~~ at Island No 10  
on the Mississippi River fighting the Federals  
every day. Gen. Price is also moving in

the division of State that I have  
in the direction of White River an advance of  
ars. there is no forces left on the borders  
of this state unless it is Gen. Peck's command  
The supposition of a great many men is that  
we are going to the Mississippi River and there  
the decisive battle will be fought.  
I have been reading news to day  
brought to Carries that the Federals  
have been near Vicksburg & Ft Donat  
since our last. I cannot hardly believe it  
though it may be possible. I have also  
just learned that a skirmish was  
here this morning. It seems that there was  
fighting and going on at Halls Bluff  
above that over Memphis, and that our men was  
repelling the enemy.

Dear Sister at home  
as if our prospects was very dark at  
this time and that our country was to be  
over run with Northern soldiers. but I think  
of families in the South (mainly extreme  
South) may most contended for before  
Southern men will permit their soil to be  
desecrated by Federal troopers. Southern streams  
will flow with blood. R. M. Atch

I have, and give you all the news I can

Dear Julia

I write you a second letter. The other has been written several days and I hope added several days. And I have added to it until it would be hard for you to understand the last part of it when I first wrote it. I thought I could send it by Filzagni and about next time gone of Ryd and about that time James said I learned a Finslough or Gingens certificate of disability. It was sent certificate of disability at arms sent up to Medevran. He would not sign it. By this time Filzagni was gone. So I had not sent my letter to him. So yesterday there was an order to send one from every company to take Rikis back home to take letters and money and Harry Penney was like one and Harry Penney was the one sent from this company the money sent from this company. You may I send you can use it for that best advantage. But ever you best advantage by what ever you

I send it to you.

Send it to good

We will leave here in a few days  
so mobile. Our temporary home  
for probably a few months at least.  
One of the Lieutenant of this Regiment  
named the General (McGrain) say that  
as soon as we went into winter  
quarters they would be sent home  
for our

for own houses. I hope it may be  
true but I don't believe it.

There is no news of importance here

every body wants news from home  
and get news of me. Could come  
it is useless for me to say at what  
time I will come. You may depend  
that I will make use of the first  
opportunity I have for getting on such  
way to give me more pleasure than to  
you. And to press you and my  
son. And to press you and my

Dear Julia & Co. I have an opportunity of sending  
a letter to you or this is of sending it to Post  
Office Ark and it was sent by mail from  
there I have no news to write that would interest  
you. We war with all the world ~~of~~ <sup>now</sup> ~~now~~ — 15. all  
you. War has made all its horrors attendants as all  
that comes up to us our short visions may  
penetrate. A gloomy prospect indeed but I live in  
hope that it will in some way or other work  
to our own good. The man Colby of our Army  
is now encamped at this place and manufacturing  
about 12 miles from here. The Yankees are at and  
near Nashville a distance of 35 miles from this  
place. Strongly fortified so said there is skirmishing  
every day down about Nashville and our men  
has with the last few days captured several  
houses and persons here. 15. 10. 1863. 10. 10. 1863.  
The two armies will be brought together on both  
sides of the river to fight. I hope we may be able  
to give them a sound thrashing. We have no news  
from the Army in Virginia nor from Gen. Lee's  
forces but I suppose they were doing the  
best they can. It was reported here some time  
ago that Gen. Holmes & his command was enroute  
to Miss. 15. 10. 1863. 10. 10. 1863. I hope this is not true  
the Mississippi River. I hope this is not true.  
I think they ought to stay and guard our  
own State and Texas. I wish our forces  
could have the pleasure of attacking them to the best  
of my knowledge and Missouri. I think we  
over them in both and Missouri. I think we  
would get them back beyond the limits of our  
own State at least if not strong enough.

there 13. three or four absent sick I do not know  
there is three or four absent sick I do not know  
whether they have got well or not  
and he stay home general or died two of our  
company has died recently Sol Reno & Tom Sanders  
you are not acquainted with them Capt  
Frost here I do not know with  
and know this I do not know what was

I had never been better since I left San P.  
My health was never better than at this time. I am  
not about well now & almost back to my old self  
has got about well again has & need pack one  
of my good health I have no bad  
both in good health. I have not had a letter  
from you since I came back now in fact  
from good since I have come back and it does  
not I cannot tell in most cases  
look like I cannot get to hear from you.  
I cannot promise you when I will get to town  
I cannot promise you when I will get to town  
know the prospect for it looks very gloomy at this  
time but I hope it may brighten soon. Some how  
or other it seems to me or I have gotten up the  
idea that all is not going on well with me. But  
I see that all is not going on well with you. but I  
hope my imagination are groundless. I hope you  
will not be so soon as I have  
and not let an opportunity pass without writing to me  
the money I sent you by Henry Penny. you can buy  
meat & fisher with as soon as I have  
meat & flour with and as soon as I have  
another chance I will try to send you more  
I will not attempt to give you a description of our  
travels since we left we have been traveling  
for 800 miles with strong snow & mud and over  
frozen ground and a great many of the men nearly per-  
frozen ground and a great many of the men nearly per-  
frozen & some entirely so but yet still some men  
frozen & form entirely so. but yet they seldom run over
