

## **AGENDA**

### **Crab Advisory Committee**

**Tuesday, December 17-18, 2007 Meeting**

**Convenes December 17<sup>th</sup> 8:30 am – 5 pm**

**December 18<sup>th</sup> 8:30 am – 1 pm**

**Location – Iliamna Room, Anchorage Hilton**

### **Opening Statements**

Overview of Council Actions and Status of Ongoing Reviews

Introductions and introductory statements – Introduce all committee members and identify affiliations

Each committee member may make a 5-10 minute introductory statement identifying concerns that should be discussed and addressed by the committee

### **Structural revisions to the program**

Review of Council's purpose and need statement

Discussion of issues from October Council motion

Alternative A share/B share splits

90/10, 80/20, 70/30, 50/50, and 100/0 – distinguish by fishery (if necessary)

Discuss rationale for different splits

Identify concerns relative to the different splits

Incremental changes to the final share split

Shifting A share/B share split with TACs

Community issues

Community effects of changes in the split and possible mitigation

Landings distribution under different share splits

Regional landing requirements under different splits

Processor issues

Processor compensation for changes in the split (IPQ/IFQ/something else)

Connection between processor compensation and community mitigation

Division of IFQ among vessel owners, processors, captains, and crew

Changes in the arbitration program under different splits

Captain/Crew issues

Crew/captain effects of different splits

Measures to address captain and crew issues

### **Potential revisions to existing program**

Review of previous committee's work

Identify unresolved issues from previous committee work

Use of COAR data for establishing historic division of first wholesale revenues

Emergency relief from regionalization

Other Issues
