Slide 7:

Text: Overarching Research

- All are multidisciplinary and have multiple projects
- Development of centers of excellence of in-country research
- Training through various means
 - Short term courses in the United States
 - Short term courses in the foreign country
 - Long term training
 - Masters degrees
 - PhD degrees

Slide 8:

Text: Overarching Research (cont.)

- An overall goal: develop capacity to carry out successful research and consideration of public health in the foreign country
- Consider operational aspects
- Consider policy implications

Slide 9:

Text: Types of Research

- Economics and Policies
 - The-Wei Hu (UC Berkeley) — China
- Training, curriculum development, and policy
 - Linda Ferry (Loma Linda U) — Lao Republic; Cambodia
- Adolescent Behavior and Cessation policies in school
 - David Brook (NYU) — Adolescents in South Africa
 - Harry Lando (U MN) — India; Indonesia
 - Eliseo Perez-Stable (UCSF) — Argentina

Slide 10:

Text: Types of Research (cont.)

- Prevention in children
 - Ken Resnicow (U Mich) — South Africa
 - Cheryl Perry (U MN) — India; Indonesia
 - Gary King (Penn State U) — South Africa
- Prevention in adults
 - Ebenezer Israel (U MD) — Egypt

Slide 11:

Text: Types of Research (cont.)

- Awareness and Cessation using Rural computer-assistance
 - Deborah Ossip-Klain (U Rochester) — Dominican Republic
- Side-stream Smoke (Environmental Tobacco Smoke)
 - Jonathan Samet (JHU SPH) — China; Brazil; Mexico

Slide 12:

Text: Types of Research (cont.)

- Epidemiology and surveillance Data
 - Richard Peto (Oxford) — Russia
 - Prabhat Jha (U Toronto) — India
 - Ken Ward (U Memphis) — Syria
