II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the PCX included statements concerning the purpose of and basis for its proposal and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified Item IV below. The PCX has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend PCX Rule 1.26 in order to clarify and update its registration rule for employees of Member Organizations.

The Exchange proposes to amend PCX Rule 1.26(a) so that the registration requirement applies to employees of Member Organizations irrespective of whether the Member Organization is a member of another national securities exchange. This amendment is necessary for the PCX to maintain a complete and accurate listing of PCX Member Organizations and their employees. The Exchange also proposes to clarify PCX Rule 1.26(b) to clearly outline that employees of Member Organizations must satisfy the applicable examination requirements as prescribed by the Exchange, complete any documentation, and pay the related fees. The Exchange also proposes to clarify the difference in the process depending on whether the PCX serves as the Member Organization's Designated Examining Authority. This is intended to prevent any ambiguity regarding the registration process. Lastly, the Exchange proposes to include in PCX Rule 1.26(c) an exemption for an individual from the examination requirements if such individual has successfully completed comparable examinations. The purpose of this provision is to avoid duplicative examinations.

The requirements for registration of employees of Member Organizations outlined above are existing requirements that are currently in place at the Exchange pursuant to PCX Rule 1.26. The Exchange currently mandates these requirements for registration and merely seeks to codify them in the Exchange rules.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Section 6(b)(5),⁷ in particular, because it is designed to promote just and equitable principals of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments and perfect the mechanisms of a free and open market and to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The PCX does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

(i) significantly affect the protection of investors or the public interest;

(ii) impose any significant burden on competition; and

(iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(5).

Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The Exchange asked the Commission to waive the 30-day operative delay. The Commission believes such waiver is consistent with the protection of investors and the public interest. Because these proposed rules merely codify existing procedures, the proposed rule change does not raise any new regulatory issues, significantly affect the protection of investors or the public interest, or impose any significant burden on competition. For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁰

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposal is consistent with the Act.
