

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-54251; File No. SR-NYSEArca-2006-18)

July 31, 2006

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Order Granting Accelerated Approval of a Proposed Rule Change and Amendment No. 1 Relating to the Trading of the Index-Linked Securities of Barclays Bank PLC Linked to the Performance of the Goldman Sachs Crude Oil Total Return Index™ Pursuant to Unlisted Trading Privileges

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 16, 2006, NYSE Arca, Inc. ("Exchange"), through its wholly owned subsidiary NYSE Arca Equities, Inc. ("NYSE Arca Equities" or the "Corporation"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. On July 27, 2006, the Exchange filed Amendment No. 1 to the proposed rule change.³ The Commission is publishing this notice and order to solicit comments on the proposed rule change from interested persons and is approving the proposal on an accelerated basis.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Through NYSE Arca Equities, the Exchange proposes to amend its rules governing NYSE Arca, L.L.C. (also referred to as the "NYSE Arca Marketplace"), the equities trading facility of NYSE Arca Equities. Pursuant to NYSE Arca Equities Rule 5.2(j)(6), the Exchange proposes to trade pursuant to unlisted trading privileges ("UTP") the Index-Linked Securities

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ In Amendment No. 1, the Exchange clarified certain aspects of its proposal regarding the Securities and surveillance.

(“Securities”) of Barclays Bank PLC (“Barclays”), which are linked to the performance of the Goldman Sachs Crude Oil Total Return Index™ (“Index”).

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The Exchange has prepared summaries, set forth in Sections A, B, and C below of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

Pursuant to NYSE Arca Equities Rule 5.2(j)(6), the Exchange proposes to trade pursuant to UTP the Securities of Barclays, which are linked to the performance of the Index. Barclays intends to issue the Securities under the name “iPathSM Exchange-Traded Notes.” A rule proposal for the original listing and trading of the Securities was filed with the Commission by the New York Stock Exchange, Inc. (“NYSE”)⁴ and approved by the Commission.⁵

⁴ See Securities Exchange Act Release No. 53967 (June 9, 2006), 71 FR 34976 (June 16, 2006) (SR-NYSE-2006-19) (the “NYSE Proposal”).

⁵ See Securities Exchange Act Release No. 54177 (July 19, 2006), 71 FR 54177 (July 27, 2006) (the “NYSE Order”).

(a) **The Securities and the Index**

(i) **The Securities**

In August 2005, the Commission approved NYSE Arca Equities Rule 5.2(j)(6), which provides general standards for the listing and trading of “Index-Linked Securities.”⁶ Index-Linked Securities are securities that provide for the payment at maturity of a cash amount based on the performance of an underlying index or indexes. Such securities may or may not provide for the repayment of the original principal investment amount. As permitted in NYSE Arca Equities Rule 5.2(j)(6), the Exchange is submitting this rule proposal to the Commission pursuant to Section 19(b)(2) of the Act, to obtain Commission approval to trade the Securities pursuant to UTP.

A description of the Securities and the Index is set forth in the NYSE Proposal.⁷ The Securities are a series of medium-term debt securities of Barclays that provide for a cash payment at maturity, or upon earlier exchange at the holder’s option, based on the performance of the Index subject to the adjustments described below.

The Securities will not have a minimum principal amount that will be repaid and, accordingly, payment on the Securities prior to or at maturity may be less than the original issue price of the Securities. In fact, the value of the Index must increase for the investor to receive at least the \$50 principal amount per Security at maturity or upon exchange or redemption. If the value of the Index decreases or does not increase sufficiently to offset the investor fee,⁸ the

⁶ See Securities Exchange Act Release No. 52204 (August 3, 2005), 70 FR 46559 (August 10, 2005) (SR-PCX-2005-63).

⁷ See supra note 4.

⁸ The investor fee is equal to 0.75% per year times the principal amount of a holder’s Securities times the index factor, calculated on a daily basis in the following manner. The investor fee on the date of issuance of the Securities will equal zero. On each subsequent calendar day until maturity or early redemption, the investor fee will increase

investor will receive less, and possibly significantly less, than the \$50 principal amount per Security. In addition, holders of the Securities will not receive any interest payments from the Securities. The Securities will have a term of 30 years and are not callable.⁹

Holders who have not previously redeemed their Securities will receive a cash payment at maturity equal to the principal amount of their Securities times the index factor¹⁰ on the Final Valuation Date¹¹ minus the investor fee on the Final Valuation Date.

Prior to maturity, holders may, subject to certain restrictions,¹² redeem their Securities on any Redemption Date¹³ during the term of the Securities provided that they present at least 50,000 Securities for redemption, or they act through a broker or other financial intermediaries (such as a bank or other financial institution not required to register as a broker-dealer to engage

by an amount equal to 0.75% times the principal amount of a holder's Securities times the index factor on that day (or, if such day is not a trading day, the index factor on the immediately preceding trading day) divided by 365. The investor fee is the only fee holders will be charged in connection with their ownership of the Securities.

⁹ Telephone conference between John Carey, Assistant General Counsel, NYSE Group, Inc., and Florence Harmon, Senior Special Counsel, Division of Market Regulation ("Division"), Commission, on July 12, 2006.

¹⁰ The "index factor" on any given day will be equal to the closing value of the Index on that day divided by the initial index level. The index factor on the Final Valuation Date will be equal to the final index level divided by the initial index level. The "initial index level" is the closing value of the Index on the date of issuance of the Securities (the "Trade Date") and the "final index level" is the closing value of the Index on the Final Valuation Date. Telephone conference between John Carey, Assistant General Counsel, NYSE Group, Inc., and Florence Harmon, Senior Special Counsel, Division, Commission, on July 14, 2006.

¹¹ The "Final Valuation Date" is the last Thursday before maturity of the Securities.

¹² Telephone conference between John Carey, Assistant General Counsel, NYSE Group, Inc., and Florence Harmon, Senior Special Counsel, Division, Commission, on July 13, 2006.

¹³ A "Redemption Date" is the third business day following a Valuation Date (other than the Final Valuation Date). A "Valuation Date" is each Thursday from the first Thursday after issuance of the Securities until the last Thursday before the Final Valuation Date inclusive (or, if such date is not a trading day, the next succeeding trading day).

in securities transactions) that are willing to bundle their Securities for redemption with other investors' Securities. If a holder chooses to redeem such holder's Securities, the holder will receive a cash payment on the applicable Redemption Date equal to the principal amount of such holder's Securities times the index factor on the applicable Valuation Date minus the investor fee on the applicable Valuation Date. To redeem their Securities, holders must instruct their broker or other person through whom they hold their Securities to follow certain procedures as described in the NYSE Proposal.¹⁴

If an event of default occurs and the maturity of the Securities is accelerated, Barclays will pay the default amount in respect of the principal of the Securities at maturity.¹⁵ More information regarding default procedures, including a quotation period and an objection period, is set forth in the NYSE Proposal.

(ii) The Index

The Index is a sub-index of the GSCI[®] and reflects the excess returns that are potentially available through an unleveraged investment in the contracts comprising the relevant components of the Index (which currently includes only the West Texas Intermediate ("WTI") crude oil futures contract traded on the New York Mercantile Exchange ("NYMEX")), plus the Treasury Bill rate of interest that could be earned on funds committed to the trading of the

¹⁴ If holders elect to redeem their Securities, Barclays may request that Barclays Capital Inc. (a broker-dealer) purchase the Securities for the cash amount that would otherwise have been payable by Barclays upon redemption. In this case, Barclays will remain obligated to redeem the Securities if Barclays Capital Inc. fails to purchase the Securities. Any Securities purchased by Barclays Capital Inc. may remain outstanding.

¹⁵ That cost will equal: (i) the lowest amount that a qualified financial institution would charge to effect this assumption or undertaking, plus (ii) the reasonable expenses, including reasonable attorneys' fees, incurred by the holders of the Securities in preparing any documentation necessary for this assumption or undertaking.

underlying contracts.¹⁶ The value of the Index, on any given day, reflects: (i) the price levels of the contracts included in the Goldman Sachs Crude Oil Total Return Index™ (which represents the value of the Goldman Sachs Crude Oil Total Return Index™); (ii) the “contract daily return,” which is the percentage change in the total dollar weight of the Goldman Sachs Crude Oil Total Return Index™ from the previous day to the current day; and (iii) the Treasury Bill rate of interest that could be earned on funds committed to the trading of the underlying contracts.

In addition to other criteria described in the NYSE Proposal, in order to qualify for inclusion in the Index the contract must be related to WTI crude oil. As presently constituted, the only contract used to calculate the Index is the WTI crude oil futures contract traded on the NYMEX.

The GSCI,[®] upon which the Index is based, is a proprietary index on a production-weighted basket of futures contracts on physical commodities traded on trading facilities in major industrialized countries. The GSCI[®] is designed to be a measure of the performance over time of the markets for these commodities. The commodities represented in the GSCI[®] are weighted, on a production basis, to reflect their relative significance (in the view of the Index Sponsor, in consultation with the Policy Committee¹⁷) to the world economy. The fluctuations in the value of the GSCI[®] are intended generally to correlate with changes in the prices of such physical commodities in global markets. The value of the GSCI[®] has been normalized such that its hypothetical level on January 2, 1970 was 100. Futures contracts on the GSCI[®], and options on such futures contracts, are currently listed for trading on the Chicago Mercantile Exchange.

¹⁶ The Treasury Bill rate of interest used for purposes of calculating the index on any day is the 91-day auction high rate for U.S. Treasury Bills, as reported on Telerate page 56, or any successor page, on the most recent of the weekly auction dates prior to such day.

¹⁷ The Index Sponsor has established a Policy Committee to assist it with the operation of the GSCI[®]. The Policy Committee is described in more detail in the NYSE Proposal.

More information regarding the operation, calculation methodology, weighting, and historical performance of the Index is set forth in the NYSE Proposal.

(b) Dissemination and Availability of Information

(i) The Intraday Indicative Value

According to the NYSE Proposal, an “Intraday Indicative Value” (or “IIV”) meant to approximate the intrinsic economic value of the Securities will be calculated and published via the facilities of the Consolidated Tape Association (“CTA”) every 15 seconds from 9:30 a.m. to 4:00 p.m. Eastern Time (“ET”) on each day on which the Securities are traded on the NYSE.¹⁸ Additionally, Barclays or an affiliate will calculate and publish the closing IIV of the Securities on each trading day at www.ipathetn.com. In connection with the Securities, the term “IIV” refers to the value at a given time determined based on the following equation: $IIV = \text{Principal Amount per Unit } (\$50) \text{ multiplied by } (\text{Current Index Level divided by Initial Index Level})^{19}$ minus Current Investor Fee.²⁰

The IIV will not reflect price changes to the price of an underlying commodity between the close of trading of the futures contract at the relevant futures exchange and 4:00 p.m. ET. The value of the Securities may accordingly be influenced by non-concurrent trading hours between the Exchange and NYMEX. The WTI crude oil futures (the futures contracts underlying the Index) will trade on the NYMEX from 10:00 a.m. to 2:30 p.m. ET.

¹⁸ The IIV calculation will be provided for reference purposes only.

¹⁹ The Current Index Level is the most recent published level of the Index as reported by the Index Sponsor, whereas the Initial Index Level is the Index level on the trade date for the Securities.

²⁰ The Current Investor Fee is the most recent daily calculation of the investor fee with respect to the Securities, determined as described above (which, during any trading day, will be the investor fee determined on the preceding calendar day).

While the market for futures trading for each of the Index commodities is open, the IIV can be expected to closely approximate the redemption value of the Securities. However, during NYSE Arca Marketplace trading hours when the futures contracts have ceased trading, spreads and resulting premiums or discounts may widen, and therefore, increase the difference between the price of the Securities and their redemption value. The IIV should not be viewed as a real time update of the redemption value.

(ii) The Index

According to the NYSE Proposal, the Index Sponsor makes the official calculations of the GSCI[®]. At present, this calculation is performed continuously and is reported on Reuters page GSCI[®] (or any successor or replacement page) and is updated on Reuters at least once every 15 seconds²¹ during business hours on each day on which the offices of the Index Sponsor in New York City are open for business (a “GSCI Business Day”).²² The settlement price for the Index is also reported on Reuters page GSCI[®] (or any successor or replacement page) on each GSCI Business Day between 4:00 p.m. and 6:00 p.m., New York time.

(c) UTP Trading Criteria

The Exchange will cease trading in the Securities if: (1) the listing market stops trading the Securities because of a regulatory halt similar to a halt based on NYSE Arca Equities Rule 7.12 or a halt because the IIV or the value of the underlying Index is no longer available on at

²¹ Telephone conference between John Carey, Assistant General Counsel, NYSE Group, Inc., and Florence Harmon, Senior Special Counsel, Division, Commission, on July 27, 2006 (clarifying that the Index value will be disseminated at least every 15 seconds, not every 3 minutes, during the time the Securities trade on the Exchange).

²² Both NYSE, as the listing exchange, and NYSE Arca, will not permit trading in the Securities if certain information about the Index value is not disseminated on, for example, a date that is not a GSCI Business Day. See supra.

least a 15 second delayed basis; or (2) the listing market delists the Securities.²³ In the event that the Exchange is open for business on a day that is not a GSCI Business Day, the Exchange will not permit trading of the Securities on that day. Additionally, the Exchange may cease trading the Securities if such other event shall occur or condition exists which, in the opinion of the Exchange, makes further dealings on the Exchange inadvisable.

(d) Trading Rules

The Exchange deems the Securities to be equity securities, thus rendering trading in the Securities subject to the Exchange's existing rules governing the trading of equity securities. Trading in the Securities on the NYSE Arca Marketplace will occur from 4:00 a.m. to 8:00 p.m. ET in accordance with NYSE Arca Equities Rule 7.34(a).²⁴ The Exchange has appropriate rules to facilitate transactions in the Securities during all trading sessions. The minimum trading increment for Securities on the Exchange will be \$0.01.

Further, the Exchange has recently adopted new Commentary .01 to NYSE Arca Equities Rule 5.2(j)(6), which sets forth certain restrictions on ETP Holders acting as registered Market

²³ Email between Janet Kissane, Assistant General Counsel, NYSE Group, Inc., and Florence Harmon, Senior Special Counsel, Division, Commission, dated July 31, 2006 (clarifying that the Securities will cease trading during all trading hours).

²⁴ During all NYSE Arca Equities trading sessions, the Exchange represents that if the official Index Sponsor calculates an updated Index value, then such value will be updated and disseminated at least every 15 seconds during such trading session, and always will be so during the Exchange's core trading session (although during this session, the Exchange may rely on the listing exchange to monitor such calculation and dissemination). The Exchange represents that the official Index Sponsor calculates and disseminates the Index value from 8:00 a.m. to 4:00 p.m. ET. Because this product is not in continuous distribution, an IIV is not required to be disseminated at least every 15 seconds in all trading sessions; however, because of the weekly redemption process for this product, such dissemination of the IIV is required during the Exchange's core trading session. The Exchange may rely on the listing market to monitor such dissemination of the IIV during the Exchange's core trading session. Telephone conference between John Carey, Assistant General Counsel, NYSE Group, Inc., and Florence Harmon, Senior Special Counsel, Division, Commission, on July 12, 2006.

Makers in the Securities to facilitate surveillance.²⁵ Commentary .01(b)-(c) to NYSE Arca Equities Rule 5.2(j)(6) requires that the ETP Holder acting as a registered Market Maker in the Securities provide the Exchange with necessary information relating to its trading in the Index components, the commodities underlying the Index components, or options, futures or options on futures on the Index, or any other derivatives (collectively, “derivative instruments”) based on the Index or based on any Index component or any physical commodity underlying an Index component. Commentary .01(d) to NYSE Arca Equities Rule 5.2(j)(6) prohibits the ETP Holder acting as a registered Market Maker in the Securities from using any material nonpublic information received from any person associated with an ETP Holder or employee of such person regarding trading by such person or employee in the Index components, the commodities underlying the Index components, or any derivative instruments based on the Index or based on any Index component or any physical commodity underlying an Index component (including the Securities). In addition, Commentary .01(a) to NYSE Arca Equities Rule 5.2(j)(6) prohibits the ETP Holder acting as a registered Market Maker in the Securities from being affiliated with a market maker in the Index components, the commodities underlying the Index components, or any derivative instruments based on the Index or based on any Index component or any physical commodity underlying an Index component unless adequate information barriers are in place, as provided in NYSE Arca Equities Rule 7.26.

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Securities. Trading in the Securities may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Securities inadvisable. These may include: (1) the extent to which trading is not occurring in

²⁵ See Securities Exchange Act Release No. 54189 (July 21, 2006), 71 FR 43263 (July 31, 2006) (SR-NYSEArca-2006-17).

the Index components or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. In addition, trading in Securities will be subject to trading halts caused by extraordinary market volatility pursuant to the Exchange’s “circuit breaker” rule²⁶ or by the halt or suspension of the trading of the Index components.²⁷

The Securities will be deemed “Eligible Listed Securities,” as defined in NYSE Arca Equities Rule 7.55, for purposes of the Intermarket Trading System (“ITS”) Plan and therefore will be subject to the trade through provisions of NYSE Arca Equities Rule 7.56, which require that ETP Holders avoid initiating trade-throughs for ITS securities.

(e) **Surveillance**

The Exchange will incorporate and rely upon existing surveillance procedures applicable to equities to monitor trading in the Securities. The Exchange believes that these procedures are adequate to monitor Exchange trading of the Securities in all trading sessions and detect violations of Exchange rules, thereby deterring manipulation.

The Exchange’s current trading surveillance focuses on detecting securities trading outside their normal patterns. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

The Exchange is able to obtain information regarding trading in the Securities and the Index components through ETP Holders in connection with such ETP Holders’ proprietary or customer trades that they effect on any relevant market. In addition, the Exchange has access to transaction information, including customer identity information with respect to all contracts

²⁶ See NYSE Arca Equities Rule 7.12.

²⁷ See “UTP Trading Criteria” above for specific instances when the Exchange will cease trading the Securities.

traded on NYMEX and the COMEX, a subsidiary of the NYMEX, pursuant to the Exchange's information sharing agreement with NYMEX.

(f) Information Bulletin

Prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Securities. Specifically, the Information Bulletin will discuss the following: (1) the procedures for purchases and redemptions of Securities (and that Securities are not individually redeemable but are redeemable only in aggregations of at least 50,000 Securities); (2) NYSE Arca Equities Rule 9.2(a),²⁸ which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Securities; (3) how information regarding the IIV is disseminated; (4) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Securities prior to or concurrently with the confirmation of a transaction; and (5) trading information. For example, the Information Bulletin will advise ETP Holders, prior to the commencement of trading, of the prospectus delivery requirements applicable to the Securities. The Exchange notes that investors purchasing Securities directly from Barclays will receive a prospectus. ETP Holders purchasing Securities from Barclays for resale to investors will deliver a prospectus to such investors.

²⁸ The Exchange recently amended NYSE Arca Equities Rule 9.2(a) (“Diligence as to Accounts”) to provide that ETP Holders, before recommending a transaction, must have reasonable grounds to believe that the recommendation is suitable for the customer based on any facts disclosed by the customer as to his other security holdings and as to his financial situation and needs. Further, the Rule provides that prior to the execution of a transaction recommended to a non-institutional customer, the ETP Holders should make reasonable efforts to obtain information concerning the customer’s financial status, tax status, investment objectives and any other information that they believe would be useful to make a recommendation. See Securities Exchange Act Release No. 54045 (June 26, 2006), 71 FR 37971 (July 3, 2006)(SR-PCX-2005-115).

The Information Bulletin will also reference the fact that there is no regulated source of last sale information regarding physical commodities, and that the Commission has no jurisdiction over the trading of physical commodities such as crude oil, or the futures contracts on which the value of the Securities is based.

The Information Bulletin will also discuss any exemptive or no-action relief, if granted, by the Commission staff from any rules under the Act.

2. Statutory Basis

The Exchange believes that the basis for this proposed rule change is consistent with the requirements under Section 6(b)(5)²⁹ of the Act that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transaction in securities, to remove impediments and perfect the mechanisms of a free and open market, and, in general, to protect investors and the public interest.

In addition, the Exchange believes that the proposal is consistent with Rule 12f-5 under the Act³⁰ because it deems the Securities to be equity securities, thus rendering the Securities subject to the Exchange's rules governing the trading of equity securities.³¹

²⁹ 15 U.S.C. 78s(b)(5).

³⁰ 17 CFR 240.12f-5.

³¹ Telephone conference between John Carey, Assistant General Counsel, NYSE Group, Inc., and Florence Harmon, Senior Special Counsel, Division, Commission, on July 12, 2006 (the Exchange requested that the Commission delete the word "existing" to clarify that the Securities will be subject to all applicable Exchange rules governing the trading of equity securities for the Securities).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NYSEArca-2006-18 on the subject line.

Paper comments:

- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSEArca-2006-18. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those

that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing also will be available for inspection and copying at the principal offices of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSEArca-2006-18 and should be submitted on or before [insert date 21 days from publication in the Federal Register].

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.³² In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,³³ which requires that an exchange have rules designed, among other things, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and in general to protect investors and the public interest.

In addition, the Commission finds that the proposal is consistent with Section 12(f) of the Act,³⁴ which permits an exchange to trade, pursuant to UTP, a security that is listed and

³² In approving this rule change, the Commission notes that it has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

³³ 15 U.S.C. 78f(b)(5).

³⁴ 15 U.S.C. 78l(f).

registered on another exchange.³⁵ The Commission notes that it previously approved the listing and trading of the Securities on the NYSE.³⁶ The Commission also finds that the proposal is consistent with Rule 12f-5 under the Act,³⁷ which provides that an exchange shall not extend UTP to a security unless the exchange has in effect a rule or rules providing for transactions in the class or type of security to which the exchange extends UTP. NYSE Arca Equities rules deem the Securities to be equity securities, thus trading in the Securities will be subject to the Exchange's rules governing the trading of equity securities and the specific rules set forth herein for this product class.

The Commission further believes that the proposal is consistent with Section 11A(a)(1)(C)(iii) of the Act,³⁸ which sets forth Congress's finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities.

In support of the portion of the proposed rule change regarding UTP of the Securities, the Exchange has made the following representations:

1. NYSE Arca Equities has appropriate rules to facilitate transactions in this type of security in all trading sessions.

³⁵ Section 12(a) of the Act, 15 U.S.C. 78j(a), generally prohibits a broker-dealer from trading a security on a national securities exchange unless the security is registered on that exchange pursuant to Section 12 of the Act. Section 12(f) of the Act excludes from this restriction trading in any security to which an exchange "extends UTP." When an exchange extends UTP to a security, it allows its members to trade the security as if it were listed and registered on the exchange even though it is not so listed and registered.

³⁶ See NYSE Order, *supra* note 5.

³⁷ 17 CFR 240.12f-5.

³⁸ 15 U.S.C. 78k-1(a)(1)(C)(iii).

2. NYSE Arca Equities surveillance procedures are adequate to properly monitor the trading of the Securities on the Exchange.

3. NYSE Arca Equities will distribute an Information Bulletin to its members prior to the commencement of trading of the Securities on the Exchange that explains the terms, characteristics, and risks of trading such securities.

4. NYSE Arca Equities will require a member with a customer who purchases newly issued Securities on the Exchange to provide that customer with a product prospectus and will note this prospectus delivery requirement in the Information Bulletin.

5. The Exchange will cease trading in the Securities if: (1) the primary market stops trading the securities because of a regulatory halt similar to a halt based on NYSE Arca Equities Rule 7.12 and/or a halt because the IIV or Index value are not disseminated at least every 15 seconds; or (2) if such other event occurs or condition exists which, in the opinion of the Exchange, makes further dealings on the Exchange inadvisable; or (3) the primary market delists the Securities.

This approval order is conditioned on NYSE Arca Equities' adherence to these representations.

The Commission finds good cause for approving this proposed rule change, as amended, before the thirtieth day after the publication of notice thereof in the Federal Register. As noted previously, the Commission previously found that the listing and trading of these Securities on the NYSE is consistent with the Act.³⁹ The Commission presently is not aware of any issue that would cause it to revisit that earlier finding or preclude the trading of these funds on the Exchange pursuant to UTP. Therefore, accelerating approval of this proposed rule change

³⁹ See NYSE Order, supra note 5.

should benefit investors by creating, without undue delay, additional competition in the market for these Securities.

V. Conclusion

IT IS THEREFORE ORDERED, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (NYSEArca-2006-18), is hereby approved, as amended, on an accelerated basis.⁴⁰

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁴¹
