IM-4803. Staff Review of Deficiency

As provided in Rule 4803(a)(1)(A), the staff of the Listing Department may accept a plan to regain compliance with respect to quantitative deficiencies from standards that do not themselves provide a compliance period. Such standards include:

Rules [4310(c)(2)(B)(i) and (iii)] 4310(c)(3)(A) and 4310(c)(3)(C)

Rule 4310(c)(6)

Rule 4310(c)(7) (but only as to the number of publicly held shares, and not as to such shares' market value)

[Rules 4320(e)(2)(B)(i) and (iii)]

Rule 4320(e)(2)(B)

Rules 4320(e)(4) and (5) (but only as to the number of publicly held shares, and not as to such shares' market value)

Rules 4450(a)(1), (3), and (4)

Rules 4450(b)(1)(B), (b)(2), and (b)(5), and

Rules 4450(h)(1) and (4).

In a case where an issuer fails to comply with the requirement of Rules [4310(c)(2)(B)(iii), 4320(e)(2)(B)(iii),] 4310(c)(3)(C) or 4450(b)(1)(B), the Listing Department shall not accept a plan to achieve compliance with those requirements in the future, since compliance requires stated levels of net income or assets and revenues during completed fiscal years and therefore can only be demonstrated through audited financial statements. Similarly, an issuer may not submit a plan relying on partial-year performance to demonstrate compliance with these standards. An issuer cited for non-compliance with these requirements may, however, submit a plan that demonstrates

current or near-term compliance with Rules [4310(c)(2)(B)(i), 4320(e)(2)(B)(i),] 4310(c)(3)(A) or 4450(a)(3) (i.e., the alternative listing requirement relating to stockholders' equity), or Rules [4310(c)(2)(B)(ii), 4320(e)(2)(B)(ii),] 4310(c)(3)(B) or 4450(b)(1)(A) (i.e., the alternative listing requirement relating to market value of listed securities).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change, as amended, and discussed any comments it received on the proposed rule change, as amended. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq proposes to increase the initial and continued listing requirements applicable to companies seeking to list, or already listed, on the Nasdaq Capital Market, as set forth in Rule 4310 (for domestic and Canadian securities) and Rule 4320 (for non-Canadian foreign securities and American Depositary Receipts).⁵ Nasdaq believes that these changes will facilitate a finding by the Commission that the listing standards for the Capital Market are substantially similar to the listing standards applicable to securities

⁵ See Amendment No. 1, supra note 3.

listed on the New York Stock Exchange, the American Stock Exchange, or the Nasdaq Global Market. This finding is required before the Commission can designate securities listed on the Capital Market as “covered securities,” which are exempt from state regulation under Section 18 of the Securities Act of 1933 (“Securities Act”).⁶

Primary Listing Standards

The Exchange states that currently, a company can list on the Capital Market by meeting a stockholders’ equity, income or market value of listed securities requirement, along with other applicable listing standards. Nasdaq proposes to modify the income and market value of listed securities components of these listing standards to also require a minimum of \$4 million in equity in each case. In addition, for companies listing under the equity alternative, Nasdaq proposes to require a two year operating history, instead of the one year history currently required. Further, for companies listing under the market value of listed securities and equity alternatives, Nasdaq proposes to increase the market value of publicly held shares requirement for initial listing from \$5 million to \$15 million. Finally, Nasdaq proposes to clarify that all companies must have 300 round lot shareholders for continued listing of a primary class of common stock.

Secondary Classes of Common Stock and Preferred Stock

Nasdaq states that it currently permits the listing of secondary classes of common stock and preferred stock on the Capital Market under lower liquidity standards, when the primary class of common stock is listed on Nasdaq or a national securities exchange. Nasdaq proposes to increase the market value of publicly held shares requirement from \$2 million to \$3.5 million for initial listing and from \$500,000 to \$1 million for continued

⁶ 15 U.S.C. 77r(b).

listing of these securities. In addition, Nasdaq proposes to modify the listing standards so that the lower liquidity standards are available only when a company's common stock or its equivalent is listed on Nasdaq or is a "covered security" as defined in Section 18 of the Securities Act. Finally, Nasdaq proposes to clarify that companies must have 100 round lot shareholders for continued listing under these listing standards.

Rights and Warrants

Nasdaq proposes to increase the requirement for initial listing of rights and warrants to require that there be 400,000 outstanding. In addition, Nasdaq proposes to require that for initial and continued listing, the security underlying a right or warrant must be listed on Nasdaq or be a covered security.⁷

Convertible Debt

Nasdaq states that its rules currently permit the listing of convertible debt on the Capital Market. Nasdaq proposes to modify those rules, to require that for the initial listing of convertible debt either that: (i) the issuer of the debt must have an equity security that is listed on Nasdaq, the American Stock Exchange or the New York Stock Exchange; (ii) an issuer whose equity security is listed on Nasdaq, the American Stock Exchange or the New York Stock Exchange, directly or indirectly owns a majority interest in, or is under common control with, the issuer of the debt security, or has guaranteed the debt security; (iii) a nationally recognized securities rating organization (an "NRSRO") has assigned a current rating to the debt security that is no lower than an S&P Corporation "B" rating or equivalent rating by another NRSRO; or, (iv) if no NRSRO has assigned a rating to the issue, an NRSRO has currently assigned: (1) an

⁷ See Amendment No. 1, supra note 3.

investment grade rating to an immediately senior issue; or (2) a rating that is no lower than an S&P Corporation “B” rating, or an equivalent rating by another NRSRO, to a pari passu or junior issue.⁸

Other Changes

Nasdaq also proposes to make technical and conforming changes to the rules by adding a definition of “covered security” in Rule 4200, deleting certain other definitions in Rule 4200 that have no current applicability under Nasdaq rules, and adjusting cross references contained in IM-4803.⁹

Implementation

Nasdaq states that it recognizes that the proposed changes could result in a security that currently meets all the listing requirements becoming non-compliant. Therefore, Nasdaq proposes that the changes to the continued listing requirements be made effective 30 days¹⁰ after the proposed rule change is approved by the Commission. Nasdaq believes that this period would provide currently-listed companies with adequate time to comply.

In the case of companies applying for initial listing, Nasdaq proposes that the new requirements be effective upon approval for companies that apply after the date this proposed rule change is submitted to the SEC. Nasdaq states that companies that had applied for listing prior to the date this proposed rule change is submitted to the SEC

⁸ See Amendment No. 1, supra note 3.

⁹ Nasdaq notes that the references to Rule 4320 in the final paragraph of IM-4803 have been deleted based on the new structure of the rules. Nonetheless, the substance of this interpretive material continues to apply to non-U.S. companies in the same manner that it applies to domestic companies due to the cross reference to Rule 4310(c)(3) contained in Rule 4320(e)(2)(B).

¹⁰ See Amendment No. 1, supra note 3.

would be able to continue to qualify under the prior standards, provided that they complete the listing process not later than 30 days¹¹ after the proposed rule change is approved by the Commission. Companies that apply after the date this proposed rule change is submitted to the SEC would be approved for listing based on the rules in effect at the time of the approval. The Exchange believes that this schedule provides notice to companies applying for listing that they would be subject to higher standards upon approval of the rule, so such companies would not be prejudiced, but recognizes that companies that have previously applied did so in reliance on the prior listing standards, and therefore provides them a reasonable period of time to complete the listing process on that basis.

The Exchange states that these procedures are similar to those used when the listing standards were revised in 1997 and 2001.¹²

2. Statutory Basis

Nasdaq believes that the proposed rule change, as amended, is consistent with the provisions of Section 6 of the Act¹³ in general and with Section 6(b)(5) of the Act,¹⁴ in particular. Section 6(b)(5) requires that Nasdaq's rules be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market, and to protect investors and the public interest. The Exchange believes that the proposed rule change, as amended, would raise the listing standards on

the Nasdaq Capital Market, which will help protect investors. Further, Nasdaq believes that the proposed rule change will facilitate the Commission's review of Nasdaq's petition to treat securities listed on the Capital Market as covered securities under Section 18(b) of the Securities Act,¹⁵ which would remove an impediment to the mechanism of a free and open market.¹⁶

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change, as amended, will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the Federal Register or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding, or (ii) as to which Nasdaq consents, the Commission will:

- A. by order approve such proposed rule change, or
- B. institute proceedings to determine whether the proposed rule change should be disapproved.
