

Sources of Funding to FDA by Other Federal Agencies

Federal Agencies	FY 2007 Estimate	FY 2008 Estimate	Reason for Funds
Department of Health and Human Services			
National Institute of Environmental Health Sciences - NIH	\$12,999,767	\$13,285,762	Conduct toxicological assessments
National Institutes of Health	\$230,500	\$235,571	Research for NIH Intramural AIDS Program
National Institutes of Health	\$87,340	\$89,261	Provide core facility for Biotechnology Services
National Institutes of Health	\$65,000	\$66,430	Study genetic variants of HIV and other blood-borne viruses
National Institutes of Health	\$335,000	\$342,370	Develop a new HIV-1 EIA
National Institutes of Health	\$168,053	\$171,750	Provide miscellaneous services
National Institutes of Health	\$200,000	\$204,400	Assess the use of Ketamine in nonhuman primates
National Institutes of Health	\$10,000	\$10,220	Support the Ongoing Reserch at the Flow Cytometry Facility
National Institutes of Health	\$12,000	\$12,264	Provide Flow Cytometry Facility
National Institutes of Health	\$468,476	\$478,782	Provide joint laboratories for medical device software
National Institutes of Health	\$2,500	\$2,555	Film messages for NIDA Director
National Institutes of Health	\$60,000	\$61,320	Study the Image-Guided Interventional Therapeutics
National Institutes of Health	\$91,440	\$93,452	Study Computer-Aided Diagnostics
National Institutes of Health	\$77,810	\$79,522	Study Botanical Dietary Supplements in Raw Materials and Finished Products
National Institutes of Health	\$50,000	\$51,100	Determine Arsenic Cadmium, Lead and Mercury in Botanical Dietary Supplements
National Institutes of Health	\$50,000	\$51,100	Test Botanical Dietary Supplements
National Cancer Institute - NIH	\$7,094	\$7,250	Provide Core Facility
National Cancer Institute - NIH	\$5,000	\$5,110	Provide miscellaneous services
National Cancer Institute - NIH	\$49,500	\$50,589	Provide assessment of the Computer Aided Diagnostics
National Cancer Institute - NIH	\$1,800,000	\$1,839,600	Provide medical and postdoctoral fellowship training to fellows
National Cancer Institute - NIH	\$56,203	\$57,439	Provide Space Rental and Equipment for Research
National Institute of Dental Research - NIH	\$27,500	\$28,105	Provide Core Facility Biotechnology services
National Institute of Disability and Rehabilitation Research - NIH	\$375,000	\$383,250	Provide Joint Laboratories for Medical Device Applications
National Institute of Disability and Rehabilitation Research - NIH	\$10,000	\$10,220	Research Collaboration to Determine the Structure of a Particular DNA Lesion
National Institute of Allergy and Infectious Diseases - NI	\$880,168	\$899,532	Conduct Biodefense Research Projects
National Institute of Allergy and Infectious Diseases - NIH	\$50,000	\$51,100	Produce pandemic influenza vaccine reagents
National Institute of Allergy and Infectious Diseases - NIH	\$2,244,143	\$2,293,514	Assess the safety of cell substrates and vaccine components
National Institute of Allergy and Infectious Diseases - NIH	\$35,000	\$35,770	Conduct a Collaboration Project for a Novel Protozoan Derived CCR5 Antagonist
National Institute of Allergy and Infectious Diseases - NIH	\$9,000	\$9,198	Provide core facility for Biotechnology Services
National Institute of Allergy and Infectious Diseases - NIH	\$2,775,999	\$2,837,071	Provide Scientific Approach to Facilitate Development of Vaccines and Related Products
National Institute of Allergy and Infectious Diseases - NIH	\$1,142	\$1,167	Provide miscellaneous services
National Institute of Allergy and Infectious Diseases - NIH	\$275,000	\$281,050	Share expertise of selected NIDCR personnel
Centers for Disease Control and Prevention	\$236,500	\$241,703	Develop a single Vaccine Adverse Events Reporting System
Centers for Disease Control and Prevention	\$26,100	\$26,674	Support for the Measles Vaccine in HIV Infected Children
Centers for Medicare and Medicaid Services	\$2,999,000	\$3,064,978	Support transfer of complexity categorization responsibilities under the Clinical Lab Improvement Amendments
Agency for Healthcare Research and Quality	\$200,000	\$204,400	Develop and maintain standards for medical devices
Program Support Center	\$645,536	\$659,738	Implement and operate a customer call center
Office of Global Health Affairs	\$228,429	\$233,454	Participate in the Biotechnology Engagement Program Umbrella Agreement
Office of Global Health Affairs	\$111,514	\$113,967	Support of the President's emergency AIDS Relief Plan
Office of Public Health and Science	\$703,125	\$718,594	Provide research support to the National Vaccine Program
Office of Public Health and Science	\$585,190	\$598,064	Participate in the Pandemic Flu Research
Office of Public Health and Science	\$561,000	\$573,342	Participate in the Priority Vaccine Research Projects
Office of Public Health and Science	\$141,900	\$145,022	Miscellaneous Services
Office of the Secretary	\$305,273	\$311,989	Operate the ERIC Call Center
Office of the Assistant Secretary for Public Health and Emergency Preparedness	\$100,000	\$102,200	Assess the Potency of Antitoxins
Office of the Assistant Secretary for Public Health and Emergency Preparedness	\$1,010,000	\$1,032,220	Provide Support for Advanced Development Projects
DHHS total	\$31,362,202	\$32,052,170	
Environmental Protection Agency			
Environmental Protection Agency	\$330,000	\$337,260	Conduct testing of sporicidal chemicals using efficacy methods
Environmental Protection Agency	\$120,000	\$122,640	Coordinate the state activities of the Radiation Control Program
Environmental Protection Agency	\$6,275	\$6,413	Research the Detection of DNA Adducts in Mice Treated w/Benzo
EPA total	\$456,275	\$466,313	
Department of Defense			
Defense Medical Standardization Board	\$1,500,000	\$1,533,000	Conduct a program for testing the shelf-life of stored medical items
Defense Advance Research Projects Agency	\$145,520	\$148,721	Assist in the test bed development for deep bleeder acoustic coagulation program
Defense Advance Research Projects Agency	\$23,925	\$24,451	Determine the safety & efficiency of Bacterial Ghost Mucosal
Joint Medical Information Systems	\$32,256	\$32,966	Promote collaboration in IT Health
Navy	\$10,000	\$10,220	Support the Study of Molecular Pathogenesis of Enteropathogenic
Navy	\$48,205	\$49,266	Provide Core Facility
U.S. Airforce	\$28,000	\$28,616	Develop and Deliver Analysis Results of Analytes
US Army	\$209,500	\$214,109	Develop CpG Oligonucleotides as Vaccine Adjuvants
Uniformed Services University of the Health Sciences	\$215,000	\$219,730	Provide an employee to work on the AIDS vaccine
DOD total	\$2,212,406	\$2,261,079	
Department of Homeland Security			
Department of Homeland Security	\$1,000,000	\$1,022,000	Test for microbiological and molecular identification of foodborne bioagents
Department of Homeland Security	\$200,000	\$204,400	Provide Training and Technical Transfer for Biological Countermeasures
Department of Homeland Security	\$494,700	\$505,583	Validate and Provide Test Plans for FBADS
Federal Emergency Management Agency	\$50,000	\$51,100	Support the Radiological Emergency Preparedness Program
DHS total	\$1,744,700	\$1,783,083	
Nuclear Regulatory Commission			
	\$125,000	\$127,750	Provide miscellaneous services
National Oceanic and Atmospheric Administration			
	\$75,000	\$76,650	Support the Shellfish Safety Assistance Project
Department of Veterans Affairs			
	\$58,533	\$59,821	Provide mammography facility inspections
Department of Justice			
	\$1,857,000	\$1,897,854	Purchase investigative equipment
Department of Agriculture			
Department of Agriculture	\$5,461	\$5,581	Provide annual briefing with Executive Board of Directors
Department of Agriculture	\$80,910	\$82,690	Research the Survival Bacillus Anthracis in Processed Liquid Eggs
Department of Agriculture	\$25,000	\$25,550	Study on Reducing Pathogens in Foods
Department of Agriculture	\$5,000	\$5,110	Provide Miscellaneous Services
Department of Agriculture	\$486,000	\$496,692	Support the eLexnet Database
Ag Total	\$602,371	\$615,623	
Telemedicine and Advanced Technology Research Center			
Telemedicine and Advanced Technology Research Center	\$159,000	\$162,498	Provide the Implementation and Safety of Selective Optical Stimulation for the Damaged Nervous System
Telemedicine and Advanced Technology Research Center	\$125,000	\$127,750	Design Verification and Validation of Software Systems using Formal Methods
TATRC Total	\$284,000	\$290,248	
Transportation Safety Administration			
	\$30,000	\$30,660	Assess prototype x-ray security systems for conformance
TOTAL	\$38,807,487	\$39,661,252
