On February 13, 2007 the Board adopted AR-10-2007 creating the Citizens Advisory Committee (CAC) which will provide community input into the Bernalillo County Fire and Rescue Department, the Office of Emergency Management and the Communications department.

The departments will create orientation/team building programs for the CAC to educate the members on department tasks and requirements, give them hands-on experience and educate them on emergency response behavior. The Committee will be encouraged to participate in Department functions.

The Committee is comprised of seven (7) members; one (1) representative from each commission district as appointed by each Commissioner and two (2) representatives, one recommended by the County Manager and the other by the committee.

The Committee will facilitate the flow of ideas relative to the three departments, for the continued improvement of the departments to protect lives and property through proactive education, prevention and response.

Commissioner Archuleta requests the appointment of Julian A. Zamora representing District 3 to the CAC. During the first meeting of the CAC, staggered term limits will be established and expirations will be set.
