Management Site Specific Advisory Board

Dear Mr. Gordon:

### COMMENTS ON DOE'S TEN YEAR PLAN

Your August 28, 1996, comments on the Department of Energy's draft Ten Year Plan have been received.

The comments submitted by the ORREMSSAB were taken into consideration as the draft was prepared for transmittal to DOE Headquarters. The National Ten Year Plan as well as the Oak Ridge Ten Year Plan are anticipated to be released in late March. We anticipate that there will be a public comment period during the spring for the draft document and expect the final draft to be available in late summer.

We appreciate the extensive participation by several members of the ORRFMSSAB and hope that they will continue to participate through this entire process.

Sincerely,

A handwritten signature in black ink, appearing to read "Rodney R. Nelson".
