Environmental Management

February 25, 1997

Mr. Rod Nelson
Assistant Manager for Environmental Management
DOE/ORO
P.O. Box 2001
Oak Ridge, TN 37831

Dear Mr. Nelson:

The following motion was approved at our February 5, 1997 regular monthly Board meeting to forward to DOE:

The ORREMSSAB recommends that DOE review the need for an alarm or siren be installed, audible to a two mile radius, which will indicate atmospheric releases from all thermal relief valves at the TSCA Incinerator.

We look forward to receiving your written response to the above recommendation. Thank you for your continued support of the ORREMSSAB.

Sincerely,

Randy Gordon, Chair
