

## **Medical Questions:**

All driver license applicants must answer a series of medical questions when applying for an original, renewal or replacement driver license ([OAR 735-062-0000\(2\)](#)). If you answer "yes" to one of the medical questions, indicating you have a medical condition that makes you unable to drive safely, you are not eligible for a license. DMV will not be able to issue you a license until you have established that your medical condition does not affect your ability to drive safely. To do so, DMV may ask you to provide additional medical information and/or pass DMV tests.
