

 Your **Health**
Counts
Medical Plan 2008

The election period is from
November 1 to November 30, 2007.

Follow These Three Easy Steps To Make Your 2008 Medical Plan Choice

Your medical plan choices are **NOT** changing for 2008. The 2008 medical plan costs are shown in this booklet.

1

Do you want to keep the same medical plan you currently have?

YES – You do not have to return the Election Form. Go to Step 3.

NO – Go to Step 2.

2

Do you want to change your current medical plan?

YES – You must return the Election Form. Read this booklet for enrollment information and important deadlines. Go to Step 3.

3

Be sure to read the Medicare information in this booklet to learn about your responsibilities and your coverage when you become Medicare-eligible.

Keep this booklet for reference.

- 17 Retiree Medical Plan Election Form**

2008 General Information and Enrollment Instructions

Welcome to the annual Retiree Medical Plan Election Period. From November 1 through November 30, you may choose the medical plan you want for 2008.

Your medical plan options for 2008 are:

- 80-percent preferred-provider organization (PPO) option
- Copayment PPO plan
- Consumer-Directed Health Plan (CDHP)

There are **no changes** to the medical plans for 2008. Deductibles, coinsurance, copayments, and all other plan provisions remain the same. Premiums are on page 14.

Which plan is right for you? Only you can decide which plan best meets your health-care and financial needs. One tool that might help you is available at www.bcbst.com.

Click on:

- Members, then
- TVA employees, then
- Health Plan Comparison

You will be prompted to enter both a Group ID and an Authentication ID. You should enter TVARET (all uppercase) for both IDs.

You can compare your costs under the medical plan options. This site also gives you access to information on average costs of many medical procedures, hospital cost and quality information, and information on medical conditions.

Important Enrollment Information

If you want to change your medical coverage for 2008, you must complete the election form included in this book and return it in the postage-paid envelope. The TVA Service Center must receive your election form by December 4, 2007.

If you have medical coverage in 2007 and your election form is not received by December 4, 2007, you will be enrolled in the *same* medical plan for 2008 at the level of coverage—individual or family—you have in 2007.

Remember that you cannot change your election after January 1, 2008.

If you wish to terminate your TVA coverage, you may do so by completing the election form. Please remember that canceling your coverage in a TVA-sponsored retiree medical plan means that you will not be allowed to enroll in a TVA medical plan in the future.

Remember that it is very important to keep your medical plan enrollment record current.

Be sure to report any change of address.

It is your responsibility to notify the TVA Service Center when a dependent is no longer eligible for medical coverage. If a claim is paid for an ineligible dependent, you may be required to repay the medical plan for the amount of that ineligible payment.

Will you be eligible for Medicare?

When you or a covered dependent becomes eligible for Medicare at age 65, your coverage will automatically be transferred to TVA's Supplement to Medicare plan. Your dependent(s) not eligible for Medicare will remain in the plan you select for next year.

Make sure you notify the TVA Service Center if you or one of your covered dependents becomes eligible for Medicare before reaching age 65 so that your enrollment and premiums can be adjusted correctly.

When you receive notice of your eligibility for Medicare, be sure to look carefully at Part B of Medicare. If you do not elect Part B when first eligible, you may find yourself without any Medicare benefits for physician and other expenses.

Be sure to read the Medicare information on page 3 about prescription-drug coverage available when you become eligible for Medicare.

Medicare Information

Important Information for Retirees and Covered Dependents Who Become Eligible for Medicare

If you are eligible for Medicare or will become eligible for Medicare in the next 12 months (or if you have a covered dependent eligible for or becoming eligible for Medicare), see the following important information about new prescription drug coverage under Medicare and your TVA medical plan coverage.

When you (or a covered dependent) become eligible for Medicare, you are no longer eligible for coverage under the 80-percent PPO, Copayment PPO, or Consumer-Directed Health Plan. You will, however, be eligible for the TVA Medicare Supplement plan. Most people will become eligible for Medicare at age 65, and your TVA coverage will be automatically transferred to the Medicare Supplement plan at that time. However, if you become eligible for Medicare before age 65 (or if your dependent becomes eligible before age 65), you must notify the TVA Service Center so that your enrollment can be transferred to the Medicare Supplement plan.

Creditable Coverage Notice for Retirees Not Eligible for Medicare

Medicare offers prescription-drug coverage (Part D) to eligible individuals. When you become eligible for Medicare, you will also have an opportunity to enroll in a Part D prescription-drug plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription-drug coverage.

Read the following notice carefully and keep it where you can find it should you have questions about prescription-drug coverage when you become eligible for Medicare.

Prescription-drug coverage became available in 2006 to everyone with Medicare through Medicare prescription-drug plans. All Medicare prescription-drug plans provide at least a standard level of coverage set by Medicare. Some plans might also offer more coverage for a higher monthly premium.

Because prescription-drug coverage under the TVA-sponsored retiree medical plan (the 80-percent PPO, Copayment PPO, or Consumer-Directed Health Plan) is on average at least as good as standard Medicare prescription-drug coverage, TVA has determined that your prescription-drug coverage from the TVA plan is creditable and you will not pay a higher premium (penalty) when you enroll in TVA's Medicare prescription-drug plan (or any other Medicare prescription-drug plan).

When you cancel or lose your coverage under the TVA-sponsored retiree medical plan (the 80-percent PPO, Copayment PPO, or Consumer-Directed Health Plan) and are eligible for Medicare, you will be eligible to sign up for a Medicare Part D prescription-drug plan at that time using an Employer Group Special Enrollment Period.

If you cancel or lose your coverage under the TVA-sponsored retiree medical plans, are eligible for Medicare, and do not enroll in Medicare prescription-drug coverage (through TVA's Medicare Supplement plan or another Medicare prescription-drug plan) after your TVA coverage ends, you may have to pay more to enroll in Medicare prescription-drug coverage later. If you go 63 days or longer without prescription-drug coverage that is at least as good as Medicare's prescription-drug coverage, your monthly premium for Medicare prescription-drug coverage will go up at least 1 percent per month for every month that you did not have that coverage. For example, if you go 19 months without coverage, your premium will always be at least 19-percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription-drug coverage. In addition, you may have to wait until the following November to enroll.

TVA retirees, or their dependents, enrolled in TVA's Medicare Supplement plan will receive their Medicare prescription-drug coverage under the TVA Medicare Supplement and will not need to enroll in a separate Part D plan.

The TVA Medicare Supplement plan includes both medical and prescription-drug benefits. Should you decide to cancel your TVA Medicare Supplement coverage to enroll in another Medicare prescription-drug plan, you would also be canceling your medical coverage under the TVA Medicare Supplement plan. Coverage for all your dependents would end as well. If you cancel your TVA medical coverage, you will not have another opportunity to enroll in a TVA-sponsored medical plan. If you have questions about canceling coverage, you may call the TVA Service Center at 865-632-8800, 423-751-8800, or toll-free at 888-275-8094.

For more information about this notice or your current prescription-drug coverage, you may call the TVA Service Center at 865-632-8800, 423-751-8800, or toll-free at 888-275-8094. Note: You may receive this notice at other times in the future, such as before the next Medicare prescription-drug enrollment period and if this coverage changes. You may also request at any time a copy of this notice or a personalized notice specific to your creditable coverage under the TVA medical plans.

More detailed information about Medicare plans that offer prescription-drug coverage is available in the “Medicare & You” handbook. If you are eligible for Medicare, you will get a handbook in the mail. You may also be contacted directly by Medicare prescription-drug plans. You can get more information about

Medicare prescription-drug plans from the following:

- Visit www.medicare.gov for personalized help.
- Call your State Health Insurance Assistance Program (see your copy of the “Medicare & You” handbook for the telephone number).
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

For people with limited income and resources, extra help paying for a Medicare prescription-drug plan is available. Information about this extra help is available from the Social Security Administration (SSA). For more information about this extra help, visit SSA online at www.socialsecurity.gov, or call 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this notice. If you enroll in one of the plans approved by Medicare which offer prescription-drug coverage, you may need to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and whether or not you are required to pay a higher premium.

Date	November 1, 2007

Phone	TVA Service Center 888-275-8094

Your 2008 Medical Plan Options

The 2008 medical plan options are:

- 80-percent PPO plan
- Copayment PPO plan
- Consumer-Directed Health Plan (CDHP).

The medical options are self-funded plans which are administered by BlueCross BlueShield of Tennessee. These plans are not true insured plans and the plan administrator has no financial risk for the expenses of these plans. The funds from which claims are paid under these plans are a combination of contributions paid by those covered under the plan and TVA contributions on behalf of those covered. The premiums for these plans are based on the expenses incurred by the members of the plan. Premiums for each plan are shown on page 14.

All of the options include:

Medical Benefits

All of the medical plans are administered through BlueCross BlueShield of Tennessee. All of the options are PPO plans—that is, they all use the Blue Cross Blue Shield PPO networks that are available nationwide, so you have access to PPO network providers no matter where you live or where you are receiving medical care. All of the options cover the same types of medical and surgical services needed for the diagnosis and treatment of illness and injury—physician, hospital, most durable medical equipment, etc. But the services are covered at different levels with differing deductibles and patient payments under each option.

You will receive greater benefits when using PPO providers (in-network providers). If you use out-of-network providers, benefits will be paid at a lower level and you will pay more out of your pocket for the services you receive, including any charges that are higher than the amounts allowed.

\$250 Preventive Care Allowance

Each person covered under one of the medical plan

options is eligible for plan payments of up to \$250 per calendar year for routine exams. This benefit is not subject to the deductible, and you do not have to pay coinsurance or a copayment for services covered under the preventive care allowance. Any office visit, screening exam, lab work, or other service in connection with a routine physical as defined by the American Medical Association is covered under the preventive care allowance. Services can include but are not limited to: gynecological exam, annual routine exam, mammogram screenings, pap smears, prostate screening, audiology screening, immunizations over age 6, flu and pneumonia shots, and related routine diagnostic services. The preventive care benefit does not include colonoscopies, as these are considered medical. If the services are billed as routine, or preventive, services, the claim(s) will be processed under the \$250 preventive care allowance. If routine or preventive services exceed the \$250 preventive care allowance, you are responsible for charges beyond \$250.

Prescription Drug Coverage

All options include prescription drug benefits administered by Medco Health.

All plans have a three-tier prescription drug plan—generic, preferred brand (sometimes called formulary), and nonpreferred brand (nonformulary). When you use brand-name drugs, you can save money for yourself and the plan by using preferred-brand drugs. Medco establishes the preferred listing of brand-name drugs based on findings of a committee made up of physicians and pharmacists. The committee reviews the clinical effectiveness of the drugs as well as the cost effectiveness of the drugs to assign preferred status.

To find out if a particular brand-name medication is preferred or not, visit Medco's web site at www.medcohealth.com, or call Medco at 800-818-0890. The list is reviewed by the Medco committee quarterly and is subject to change.

Retail purchases—Your Medco identification card allows you to access more than 52,000 retail pharmacies for

short-term or emergency prescriptions. Prescriptions for up to a 30-day supply of eligible prescription drugs can be purchased at local pharmacies.

Mail-order purchases—If you are on maintenance medication for a chronic or long-term condition, you should use the home-delivery program. Under this program, you can obtain up to a 90-day supply and pay less than you would pay for three 30-day supplies purchased at retail. Home delivery saves money for you and the medical plan, in addition to providing convenience and easy refills through mail, telephone, or the Internet at Medco’s web site, www.medcohealth.com.

The **Maintenance Medication Refill Program** provides that the home-delivery service pharmacy must be used to obtain refills of certain maintenance medications to receive benefits under the plan. Under this program, the prescription plan will cover up to three retail pharmacy purchases of the covered maintenance medications. After three retail purchases of these medications, the home-delivery pharmacy must be used to continue receiving plan benefits for these medications. If these medications are purchased at a retail pharmacy after the third purchase, the patient will pay the full cost for the medication and will not receive any plan discount or any plan reimbursement for the medication. If you have questions about the home-delivery feature of the prescription-drug plan or if you want a list of the maintenance medications which must be purchased through

home delivery after three refills, please call the TVA Service Center at 888-275-8094.

This prescription-drug plan covers only legend drugs—that is, drugs that can only be dispensed with a prescription. The plan does not cover over-the-counter drugs. The plan does not cover smoking-cessation products, appetite suppressants or other weight-loss medications, or drugs with over-the-counter equivalents.

Vision Coverage

The Copayment PPO plan and

80-percent PPO plan include vision-care benefits. The plan is offered through Eyemed Vision Care and includes a network of providers. Retirees receive a higher level of benefits when network providers are used. The Consumer-Directed plan does not include vision-care benefits.

More information on these medical plan options is available at the TVA retirees web site (www.tvaretirees.com) or the BlueCross BlueShield of Tennessee web site (www.bcbst.com).

	In-Network	Out-of-Network
	MEMBER PAYS	MEMBER IS REIMBURSED
Exam with Dilation as Necessary:	\$10 Copay	Up to \$35

Mail-Order Pharmacy	2x retail copayment for up to a 90-day supply	2x retail copayment for up to a 90-day supply	2x retail minimums and maximums for up to 90-day supply
Out-of-pocket maximum	In-network \$1,500 Individual \$3,000 Family Out-of-Network \$3,000 Individual \$6,000 Family	In-network \$2,500 Individual \$5,000 Family Out-of-Network \$5,000 Individual \$10,000 Family	In-network \$4,500 Individual Contract \$9,000 Family Contract Out-of-Network \$9,000 Individual Contract \$18,000 Family Contract

Copayment PPO Plan

Under the Copayment PPO plan, you pay fixed-dollar copayments for covered services when you use in-network providers. You have freedom of choice, however, and you can choose to use providers not in the PPO network. If you use out-of-network providers, the plan will pay benefits for covered medical services at 70 percent of the allowable fee schedule and you will pay 30 percent plus any amount in excess of the allowable fee schedule. There is no deductible to be met under the Copayment PPO plan.

For example:

	In-Network	Out-of-Network
Physician Office Visit	You pay \$25	Plan pays 70%; you pay 30%*
Emergency Room (includes all related charges)	You pay \$100	Plan pays 70%; you pay 30%*
Outpatient Diagnostic Services		
Routine (e.g., EKG, x-ray, lab)	You pay \$0	Plan pays 70%; you pay 30%*
Nonroutine (e.g., MRI, CT)	You pay \$50 per procedure	Plan pays 70%; you pay 30%*
Inpatient Hospital Stay (includes all related charges)	You pay \$500	Plan pays 70%; you pay 30%*

* Based on allowable fee schedule

Your prescription drug copayments—amounts to be paid by you at the time of purchase—are:

	Retail (up to 30-day supply)	Home-delivery (up to 90-day supply)
Generic	You Pay \$12	You Pay \$24
Preferred Brand	You Pay \$24	You Pay \$48
Nonpreferred Brand	You Pay \$39	You Pay \$78

The vision benefits are shown on page 6.

80-Percent PPO Plan

This is the “core” plan available to eligible retirees. If you wish to “buy up” to a plan that pays higher benefits, you may elect the Copayment PPO plan.

All the medical plan options are PPO plans using Blue Cross PPO networks.

Available PPO networks

Tennessee—Blue Network P

Alabama—Preferred Medical Doctor

Kentucky—Blue Access

Mississippi—Comprehensive Blue

For other states, the Blue Cross/Blue Card network in that state must be used to receive the in-network level of benefits. To identify a network provider in another state, you may call 800-810-BLUE (2583) or access the Blue Cross web site at www.bcbs.com.

The plan includes a deductible that must be met before medical benefits are paid (that is, benefits for doctors, hospitals, etc.). The deductible does not apply, however, to prescription drugs or to vision care services.

Prescription drug copayments you will make at the time of purchase are:

	Retail (up to 30-day supply)	Home-delivery (up to 90-day supply)
Generic	You Pay \$12	You Pay \$24
Preferred Brand	You Pay \$28	You Pay \$56
Nonpreferred Brand	You Pay \$43	You Pay \$86

The vision benefits are shown on page 6.

Consumer-Directed Health Plan (CDHP)

The CDHP is a high-deductible plan in which you assume more control of your health-care spending and more financial risk in exchange for lower premiums. After the deductible is met, the CDHP provides 80-percent coverage for prescription drugs and in-network medical services until the out-of-pocket maximum is reached.

Preventive Care Allowance (\$250 per person)	Employer-Funded Healthcare Reimbursement Account (HRA) All covered expenses paid in full to account maximum, including medical and prescription drugs \$500 for Individual/\$1,000 for Family (Rollover maximum of \$3,000 for Individual/\$5,000 for Family)* <i>*Unused balance can carry over for future years</i>		In-Network Deductible \$1,000 Individual Contract \$2,000 Family Contract Out-of-Network Deductible \$2,000 Individual Contract \$4,000 Family Contract
	Gap covered by you (to meet in-network deductible) \$500 for Individual/\$1,000 for Family		
	Prescription-Drug Coverage Plan pays 80% and you pay 20% after deductible met *		
	Minimum to be paid by you: Retail \$12 generic \$24 preferred \$39 nonpreferred Home-delivery \$24 generic \$48 preferred \$78 nonpreferred Maximum to be paid by you: Retail \$100 for any covered drug Home-delivery \$200 for any covered drug		
	In-Network Medical Plan pays 80%*		Out-of-Network Medical Plan pays 60%* (based on allowable amounts)
*100% After Out-of-Pocket Maximum \$4,500 Individual/\$9,000 Family In-Network \$9,000 Individual/\$18,000 Family Out-of-Network			

- TVA provides a fixed amount in the participant’s HRA each year. The HRA must be utilized first for any covered medical and prescription drug expenses. The money applies to the deductible.
- If covered expenses exceed the amount of the HRA, you are responsible for meeting the remaining amount of the deductible.
- When the deductible has been met, a traditional 80-percent coinsurance plan begins to pay benefits for the remainder of the year, until the out-of-pocket maximum is met.

\$250 Preventive Care Allowance – The CDHP includes the same Preventive Care benefit as the other plans. This benefit is not subject to the deductible or coinsurance.

Health Reimbursement Account (HRA) – The HRA is the first source of payment under the CDHP. The HRA is funded by TVA, and all of your covered medical and prescription-drug expenses are paid in full out of this account until the account is empty. The payments from this account apply toward your deductible. If you have an individual contract under the CDHP, TVA places \$500 in the HRA. If you have a family contract under the CDHP, TVA places \$1,000 in the account. If you do not use all of the TVA-provided money in the account, you can roll over any unused amount into the next plan year. The maximum that you can roll over from year to year is \$3,000 for an individual contract and \$5,000 for a family contract.

The “Gap” – After you have exhausted your HRA, you must pay out of your pocket for covered services in the gap in order to meet the remaining amount of your deductible. If you have an individual contract, you must pay \$500 out of your pocket to meet the individual contract in-network deductible. If you have a family contract, you must pay \$1,000 out of your pocket to meet the family contract in-network deductible. Even though you are paying for your

covered medical and prescription-drug expenses in full in the gap, it is important that you continue to use your Blue Cross and Medco Health identification cards so that your payments in the gap will be credited toward your deductible.

Deductibles – There are in-network and out-of-network deductibles in the CDHP. The deductibles must be met on a contract basis under a CDHP. That means that if you have a family contract under the CDHP you must meet the entire family deductible before any one in the family receives benefit payments under the plan. The family deductible can be met by one member of the family or it can be met by a combination of charges from any of the covered family members.

After you have satisfied the deductible(s) in the CDHP, you will receive plan benefits for covered medical and prescription-drug expenses. Prescription drugs are covered by the plan at 80 percent, with you paying the remaining 20 percent—subject to the minimum and maximum payments as follows.

If your 20-percent share of a covered drug is less than the minimum shown below, you will pay the minimum amount (or the price of the drug, whichever is less). If your 20-percent share of a covered drug is greater than the maximum shown below, you will pay the maximum amount.

	Retail (up to 30-day supply)	Home-delivery (up to 90-day supply)
Generic	Minimum You Will Pay \$12 Maximum You Will Pay \$100	Minimum You Will Pay \$24 Maximum You Will Pay \$200
Preferred Brand	Minimum You Will Pay \$24 Maximum You Will Pay \$100	Minimum You Will Pay \$48 Maximum You Will Pay \$200
Nonpreferred Brand	Minimum You Will Pay \$39 Maximum You Will Pay \$100	Minimum You Will Pay \$78 Maximum You Will Pay \$200

Some examples of how the prescription-drug coverage works under the CDHP:

Generic, 30-day supply at retail, cost is \$80

20% = \$16

You pay \$16

Preferred Brand, 30-day supply at retail, cost is \$90

20% = \$18 (below minimum)

You pay \$24 (minimum)

Nonpreferred Brand, 90-day supply through home delivery, cost is \$200

20% = \$40 (below minimum)

You pay \$78 (minimum)

Preferred Brand, 90-day supply through home-delivery, cost is \$1,200

20% = \$240

You pay \$200 (maximum)

After you have exhausted your HRA and paid for services in the gap to meet your deductible, medical benefits are payable at 80 percent for in-network PPO services and at 60 percent of the allowable amount for out-of-network PPO services. If you choose to use providers not in the PPO network, you will pay 40 percent of allowable amount plus any charges in excess of the allowable amount.

Out-of-Pocket Maximums – The amounts paid out of your HRA, the amount you pay in the gap, and the coinsurance you pay for prescription drugs and medical services after the deductible is met all count toward your out-of-pocket maximum. Once you have reached the out-of-pocket maximum, the plan pays 100 percent of your covered expenses for the remainder of the calendar year.

How The CDHP Works

Assume you have a family contract, with TVA providing \$1,000 in your HRA.

HRA

You and your family members go to the physician and purchase prescription drugs just as you would normally do, presenting your Blue Cross identification card for physician and hospital services and your Medco identification card for prescription-drug purchases. The claims for these services will be paid in full based on the allowable charges, and the amounts paid will reduce the balance in your HRA.

The \$1,000 in the HRA can be spent all on one member of the family or it can be spent in combination by any of the family members. The HRA must be exhausted before any plan benefits can be paid on any family member. The amount paid out of the HRA will apply toward meeting the family contract deductible.

What if you do not use all the money in your HRA? The CDHP allows you roll over from year to year any unused HRA funds, making that amount available for the following year if you continue coverage in a CDHP. The maximum amount you can roll over is \$3,000 for an individual contract and \$5,000 for a family contract.

The Gap

After the HRA is empty, you must pay in full for all covered medical and prescription-drug purchases for your family. You must continue to present your Blue Cross or Medco identification cards even though you are paying out of your pocket in order to get credit for the amounts you pay and have those payments applied toward your deductible.

After you have paid \$1,000 out of your pocket in the gap you will have met the family contract deductible for in-network services. (There is a separate deductible for out-of-network services as shown on the chart on page 10.)

Plan Benefits

Prescription drugs are paid by the plan at 80 percent after the in-network deductible has been met. If your 20-percent share of the cost is less than the minimum, you will pay the minimum, not to exceed the full cost of the drug. If your 20-percent share is greater than the maximum, you will pay only the maximum.

Hospital, physician, and other covered medical services will be paid at 80 percent if they are received from PPO in-network providers, and you will be responsible for 20 percent. If you use out-of-network providers, the plan will pay 60 percent of the allowable amount, and you will pay 40 percent plus any charge that exceeds the allowable amount.

Out-of-Pocket Maximum

You will continue to pay your share of prescription-drug expenses and covered medical expenses until you reach the out-of-pocket maximum. The payments from your HRA, the amounts you pay in the gap, and your share of prescription-drug and medical expenses all apply toward the out-of-pocket maximums shown on the chart on page 10. If you reach the out-of-pocket maximum, plan benefits are payable at 100 percent (based on in-network and out-of-network usage) for the remainder of the calendar year.

Vision Coverage – The CDHP does not include vision-care benefits.

Important Definitions

Copayment, or coinsurance—The amount you pay for services covered by the medical plan once you have paid your deductible.

Eligible dependents

- Your spouse
- Your natural or adopted child who is unmarried and under the age of 19. You must provide at least 50% of the child's support or be required by divorce decree or other court order to provide medical coverage for the child. The child must not be employed on a full-time basis (30 hours or more per week) except during school vacations. Coverage can be continued to the dependent's 25th birthday provided that he or she is a full-time student and satisfies the other conditions listed above.
- A foster child, stepchild, or child of whom you are the legal guardian or for whom you have legal custody, and who is under age 19 and living with you in a regular parent-child relationship. The requirement that the child be living with you in a regular parent-child relationship will be waived if the child is attending school full-time but would otherwise live with you in a regular parent-child relationship. The child must be dependent on you for at least 50% of his or her support and must not be employed on a full-time basis (30 hours or more per week), except during school vacations. Coverage can be continued to the dependent's 25th birthday provided that he or she is a full-time student and satisfies the other conditions listed above.

Fee schedule, or fee for services—Refers to the maximum amount allowed by the insurance carrier or plan administrator as payment for specified covered services.

Out-of-pocket maximum—In the medical plan, the most you pay for covered services during a benefit period. This maximum can be met by a combination of in-network or out-of-network providers' eligible charges. Those do not include any charges in excess of the allowable UCR amount or any penalty paid for a failure to follow preadmission certification requirements. Once you reach the maximum amount, the plan pays 100% of your covered expenses for the rest of the plan year.

Your 2008 Medical Plan Costs

The following monthly premiums are the total premiums and do not reflect any pension supplement or contribution you may receive to help offset the cost of your medical coverage.

Remember, if your payment for medical plan coverage is deducted from your monthly pension benefit, you will see a change in the deduction amount on the check you receive at the end of December 2007. This is the deduction for January 2008 coverage.

How Do You Pay Your Premium?

Look closely at the 2008 premium amount for the plan you select. If you are currently having premiums deducted from your monthly pension benefit but your monthly pension will not be large enough for the 2008 premium to be deducted, you must change your method of premium payment to automatic bank-drafting. TVA will review records in early 2008 and will notify you if it appears that your premium can no longer be deducted from your monthly pension benefit. If, however, you want to go ahead and change to automatic bank-drafting, please call the TVA Service Center at 888-275-8094.

Plan Costs		
	Individual	Family
Copayment PPO Plan	\$713	\$1,352
80% PPO Plan	\$522	\$957
Consumer-Directed Health Plan	\$290	\$553

Your Health Counts

There are things you can do to maintain your health . . . to improve your health . . . to improve your quality of life.

Screening Exams

All of the medical plan options have a \$250 preventive care allowance for routine health screenings. Remember, you are responsible for any charges over \$250. Your provider will determine if a particular test or service is preventive. The recommendations for certain screening tests are:

Test	For	Recommendation
Mammogram	Breast Cancer	For women over 40, every 1-2 years; first screening exam between 35-39
Pap Smear	Cervical Cancer	Within three years of becoming sexually active or at age 21; at least every three years
PSA	Prostate Cancer	Every year for men over 50; younger if defined as "at risk"
Cholesterol	High Cholesterol	Men over 35 and women over 45 if at risk; some recommend men or women over 20 if at risk
Glucose	Diabetes	If you have high blood pressure or high cholesterol
Bone Density	Osteoporosis	Women over 65 should be screened; screening for women over 60 if at risk
Scope <i>(Note: Colonoscopies are considered medical, not preventive.)</i>	Colorectal Cancer	Men and women over 50 should have flex sigmoidoscopy every five years or colonoscopy every 10 years

Discuss your individual situation with your physician to determine if you are at risk.

Flu Shots

It's that time of year. The Centers for Disease Control and Prevention recommends annual flu shots for persons age 50 and older. People who have chronic illnesses such as heart disease, lung disease, or kidney disease are especially encouraged to get the shots. The best time to get a flu shot is in October or November.

The CDC also recommends pneumonia immunizations for people under 65 if they have a chronic illness, with a booster vaccine 5-10 years later. It further recommends a pneumonia vaccine for all people over 65 if they have not received one before age 65.

Healthcare Assistance Program

This voluntary and confidential program provides health education, information, support, and assistance to employees, retirees, and their families. Its features include a 24-hour nurse line, a web site especially designed for TVA's program, and care management programs to provide individual support from specialty nurses to members dealing with chronic medical conditions.

The web site address is www.myaccesshealth.com.

The program is administered by SHPS, a nationally recognized provider of care management services, working closely with BlueCross BlueShield and Medco Health.

You can reach a nurse 24 hours a day by calling toll-free 877-598-3972 (800-793-7044 TTY).

Frequent Questions/Contact Information

Do I have to submit an election form to continue my coverage for next year?

TVA encourages you to review the options for 2008 carefully and submit an election form indicating the plan you want for next year.

If you have coverage in 2007 and do not submit an election form for 2008, you will be enrolled in the *same* medical plan for next year at the level of coverage—individual or family—that you have in 2007. Election forms must be received by December 4, 2007.

If you wish to waive, or terminate, your TVA coverage, you may do so by completing the election form. Please remember that canceling your coverage in a TVA-sponsored retiree medical plan means that you will not be allowed to enroll in a TVA medical plan in the future.

Is this an open enrollment period for all retirees?

No. Retirees not eligible for Medicare who currently participate in TVA's medical plan can choose from the available medical plan options. Retirees who do not now have medical coverage may not elect coverage at this time.

What if I change my mind and want to change my option after the first of the year?

The plan you choose during this election period will remain in effect for all of 2008. You may not change your option during the year. You will be given an opportunity next fall to make an election for 2009.

I'll go on Medicare in 2008. What will happen to coverage for my spouse?

If you become eligible for Medicare at age 65, your coverage will be automatically transferred to TVA's Supplement to Medicare plan. You will receive a new medical plan identification card for the supplement. If your spouse (or any eligible dependent covered on your medical plan) is not yet eligible for Medicare, his or her coverage will continue under the plan you elect for 2008. In that case, your spouse or dependent will receive a new medical plan identification card.

Please remember – If you, your spouse, or an eligible dependent becomes eligible for Medicare before age 65, you must notify the TVA Service Center so that your enrollment and premiums can be adjusted correctly. You must also notify the TVA Service Center if your dependent is no longer eligible for coverage. Failure to provide such information could result in your having to repay the amounts of claims that were paid incorrectly.

Who can answer my questions about the medical plan options?

The TVA Service Center can help you. You can call the Center at 888-275-8094. Representatives are available 7:00 a.m. – 5:30 p.m. ET, Monday – Friday. You can also reach the Center by e-mail at esc@tva.gov. BlueCross BlueShield of Tennessee administers the medical plans. Its Member Service can also assist you. You can reach a representative at 800-245-7942, 8:00 a.m. – 5:15 p.m. ET, Monday – Friday.

Retiree Medical Plan Election Form 2008

PLEASE PRINT

Retiree Name (Last, First, Middle Initial)	Retiree SSN
Subscriber Name (if not retiree)	Subscriber SSN (if not retiree)
Address (Street, City, State, Zip Code)	Phone Number

My retiree medical plan election for 2008 is: (Check the appropriate box)

- Copayment PPO Plan Individual Family
- 80% PPO Plan Individual Family
- Consumer-Directed Health Plan Individual Family
- Waive all coverage*
- Cancel spouse coverage only
- Cancel dependent (other than spouse) coverage only

List the dependents (other than spouse) for which you are canceling medical coverage.

Dependent Name	Dependent SSN	Coverage Termination Date

This authorizes a change in my monthly premium to be effective with the payment for January 2008 coverage.

I understand that this option will remain in effect for all of calendar year 2008. I understand that I may not change my election during 2008.

*By waiving all medical coverage, I understand that I will not be offered another opportunity to enroll in a TVA-sponsored retiree medical plan. By canceling coverage for my spouse, I understand that my spouse will not be offered another opportunity to enroll in a TVA-sponsored retiree medical plan. By canceling coverage for my dependent for reasons other than loss of eligibility, I understand that my dependent will not be offered another opportunity to enroll in a TVA-sponsored retiree medical plan. By canceling coverage for my dependent due to loss of eligibility, I understand that my dependent will not be allowed coverage in the future unless the dependent again becomes eligible.

Signature _____ Date _____

This form must be received by the TVA Service Center no later than December 4, 2007 in order for this change to be made.

Notice of Privacy Practices

LEGAL OBLIGATIONS

The group health plan (the Plan) sponsored by the Tennessee Valley Authority (TVA) is required by the Health Insurance Portability and Accountability Act of 1996, commonly referred to as HIPAA, to maintain the privacy of all protected health information (PHI) in accordance with HIPAA; provide this notice of privacy practices to all enrollees; inform enrollees of our legal obligations with respect to their PHI; and advise enrollees of additional rights concerning their PHI. The Plan must follow the privacy practices contained in this notice from its effective date of April 14, 2003, and continue to do so until this notice is changed or replaced. As used in this notice, the Plan means the self-insured health plans sponsored by TVA for the payment of medical, dental, or prescription drug and vision claims. The Plan also includes the self-referral Employee Assistance Program to the extent you request medical services under it, the health care flexible spending account to the extent that you maintain one to help reimburse medical expenses, the Live Well Health Check Program, and the TVA-sponsored Disease Management Program.

Since 1974, TVA has maintained its records under the Federal Privacy Act, which requires TVA to protect employees' personal information. The requirements under HIPAA reinforce TVA's current practices relating to the protection of employees' personal information.

HIPAA privacy requirements are related to PHI. PHI includes all individually identifiable health information transmitted or maintained by the Plan, regardless of the form (oral, written, or electronic).

The Plan reserves the right to change its privacy practices and the terms of this notice at any time, provided applicable law permits the changes. Any changes made in these privacy practices will be effective for all PHI that is maintained, including information created or received before the changes were made. All present enrollees of the Plan and all past enrollees for whom the Plan still maintains PHI will be notified of any material changes by receiving a new Notice of Privacy Practices.

You may request a copy of this Notice of Privacy Practices at any time by contacting the Tennessee Valley Authority group health plan at 400 W. Summit Hill Drive, ET 8C-K, Knoxville, Tennessee 37902.

USES AND DISCLOSURES OF PROTECTED HEALTH INFORMATION

Treatment, Payment and Health Care Operations

Your PHI may be used and disclosed by the Plan or its business associates for treatment, payment, and health care operations without your authorization.

Treatment: Treatment generally means the provision, coordination or management of health care. For example, the Plan may disclose information to a doctor or hospital that asks for it for purposes of your medical treatment.

Payment: Payment generally encompasses the activities of the Plan to fulfill its coverage responsibilities and to provide benefits on your behalf. For example, information on Plan coverage and benefits may be used or disclosed to pay claims for services provided to you by doctors or hospitals which are covered under your health insurance policy.

Health Care Operations: Health Care Operations generally means the activities which the Plan must undertake to operate the Plan and to support your treatment and the payment of your claims. For example, PHI may be used and disclosed to conduct quality assessment and improvement activities, to engage in care coordination, to provide disease management or case management, and to pursue rights of recovery and subrogation.

OTHER USES AND DISCLOSURES FOR WHICH AUTHORIZATION IS NOT REQUIRED

Your PHI may also be used or disclosed by the Plan without your authorization under the following circumstances:

Disclosures to Family and Friends: Your PHI may be disclosed under certain circumstances to family members, other relatives and your close personal friends who can reasonably demonstrate that they are involved with your care or payment for that care if the information is directly relevant to such involvement or payment. If you do not wish any particular family member, relative or friend to receive any of your information, you may send a letter to us, at the address listed at the end of this notice, making this request.

Plan Sponsors: Your PHI and that of others enrolled in the Plan may be disclosed to the Plan's sponsor, TVA, so that it can assist in the administration of the Plan.

Research: Your PHI may be used or disclosed for research purposes in limited circumstances.

As Required by Law: Your PHI may be used or disclosed as required by law. For example, PHI must be disclosed to the U.S. Department of Health and Human Services upon request for purposes of determining the Plan's compliance with Federal privacy laws.

Court or Administrative Order: PHI may be disclosed in response to a court or administrative order, subpoena, discovery request, or other lawful process, under certain circumstances.

Health or Safety: PHI may be released to the extent necessary to avert a serious and imminent threat to your health or safety or to the health or safety of others under certain circumstances.

Health Oversight and Law Enforcement Activities: PHI may be disclosed to Health Oversight agencies for oversight activities, including TVA's Office of Inspector General, and Law Enforcement agencies for law enforcement purposes, under certain circumstances.

Public Health Activities: PHI may be disclosed to public health authorities for purposes of certain public health activities. PHI may also be used or disclosed under certain circumstances if you have been exposed to a communicable disease or are at risk of spreading a disease or condition.

Abuse or Neglect: Your PHI may be disclosed when authorized by law to report information about abuse, neglect or domestic violence to public authorities if there exists a reasonable belief that you may be a victim of abuse, neglect or domestic violence.

Coroners and Funeral Directors: PHI may be disclosed to a coroner or medical examiner under certain circumstances. PHI may also be disclosed to a funeral director as necessary to carry out their duties with respect to the decedent.

Specialized Government Functions: PHI of Armed Forces personnel may be disclosed to Military authorities under certain circumstances. PHI may be disclosed under certain circumstances to authorized Federal officials for the conduct of lawful intelligence, counter-intelligence and other national security activities and for the provision of protective services to the President and other authorized officials.

Workers' Compensation: PHI may be disclosed as authorized by and to the

extent necessary to comply with laws relating to workers' compensation or other similar programs established by law.

USES AND DISCLOSURES PURSUANT TO AUTHORIZATION

Written Authorizations: You may provide written authorization to use your PHI or to disclose it to anyone for any purpose. You may revoke this authorization in writing at any time, but this revocation will not affect any use or disclosure permitted by your authorization while it was in effect. Unless you give written authorization, we cannot use or disclose your PHI for any reason except those described in this notice.

Psychotherapy Notes: Except under certain circumstances, your written authorization must be obtained before the Plan will use or disclose psychotherapy notes about you from your psychotherapist. The Plan may use and disclose such notes when needed by the Plan to defend against you in litigation filed by you.

INDIVIDUAL RIGHTS

You have the right to look at or get copies of your PHI, with limited exceptions. You must make the request in writing to obtain access to your PHI. You may obtain a form to request access by using the contact information at the end of this notice, or you may send a letter to us, at the address listed at the end of this notice, requesting access to your PHI. If you request copies of your PHI, you will be charged a reasonable fee for the copies and postage if you want the copies mailed to you. You may also request information from our plan administrators (e.g., BlueCross BlueShield of Tennessee, CIGNA, Medco Health, etc.), who maintain information regarding claims, diagnoses, and treatment in order to pay your claims.

You have the right to receive an accounting of the disclosures of your PHI by the Plan or by a business associate of the Plan. This accounting will list each disclosure that was made of your PHI to anyone other than you or someone authorized by you for any reason, other than treatment, payment, healthcare operations and certain other activities not subject to an accounting as set forth in HIPAA, since the earlier of April 14, 2003 or six (6) years prior to the date of the request. This accounting will include the date the disclosure was made, the name of the person or entity the disclosure was made to, a description of the PHI disclosed, the reason for the disclosure, and certain other information. You may also request an accounting of disclosures from our plan administrators.

You have the right to request restrictions on the Plan's use or disclosure of your PHI. While we will consider all requests for restrictions carefully, we are not required to agree to all requests. You may also request this of our plan administrators.

You have the right to request confidential communications about your PHI by alternative means or alternative locations. While we will consider reasonable requests carefully, we are not required to agree to all requests. You may also request this of our plan administrators.

You have the right to request that the Plan amend your PHI. **Your request must be in writing, and it must explain why the information should be amended.** The Plan may deny your request if the PHI you seek to amend was not created by the Plan, if the PHI is accurate and complete, or for certain other reasons. You may also request this of our plan administrators.

Your rights may be exercised through a personal representative. Your personal representative will be required to provide evidence of authority to act on your behalf. Once this has been determined, except under certain limited circumstances, the personal representative will have all the rights you have as listed above.

QUESTIONS AND COMPLAINTS

If you want more information concerning the Plan's privacy practices or have questions or concerns, please contact the Complaint Official listed below.

If you are concerned that the Plan has violated your privacy rights, or you disagree with a decision made about access to your PHI, or in response to a request you made to amend or restrict the use or disclosure of your PHI or to have us communicate with you by alternative means or at alternative locations, you may file a complaint with us using the contact information below. You may also submit a written complaint to the U.S. Department of Health and Human Services if you believe that your privacy rights have been violated. The address to file a complaint with the U.S. Department of Health and Human Services will be provided upon request.

The Plan supports your right to protect the privacy of your PHI. There will be no retaliation in any way if you choose to file a complaint with us or with the U.S. Department of Health and Human Services.

PRIVACY ACT STATEMENT

TVA Benefit Plans

ENROLLMENT AND ADMINISTRATION

The information requested in the forms you complete and return to the human resources department becomes part of the TVA Personnel Files or Medical Records Privacy Act systems of records (TVA-2 or TVA-9). Authority for maintenance of these systems of records is provided by the Tennessee Valley Authority Act of 1933 (16 U.S.C. 831-831dd).

In order for TVA to enroll you in the benefit plans and administer your benefits, you are asked to provide all of the requested information and any supporting documentation. Compliance is voluntary, but failure to provide the requested information may result in delay in plan enrollment or claims processing. You may not be able to participate in certain benefit programs if you do not provide the requested information.

TVA uses the requested information to provide and administer its employee benefit programs. Information may be provided to TVA consultants, contractors, and subcontractors who are engaged in providing services or supporting TVA in these areas. Information may also be used in studies and evaluation of TVA's benefit programs, to the extent necessary to the performance of such studies and evaluation, should a dispute arise or congressional inquiry be made concerning TVA's employee benefit programs; for oversight or similar purposes; and for corrective action, litigation, or law enforcement, or in response to process issued by a court of competent jurisdiction. Information provided, including information that you provide for claims reimbursement, may also be used in and verified through a computer match. Additional disclosures may be made as required or permitted by the Freedom of Information Act.

This booklet explains the plan in general terms and does not give details of all terms of the plan. In the event that any conflict should occur between the wording contained in this booklet and the official plan document, the official plan document will serve as the final authority in all matters relating to plan interpretations.

Copies of the plan document are available for review by all members of the plan. They can be examined in the Employee Benefits office, Knoxville, during normal working hours.

You may obtain a copy of the plan document by submitting a written request to the TVA Service Center, Knoxville. A reasonable fee may be charged for all copies provided.

Although TVA expects and intends to continue this plan indefinitely, as well as the separate coverages available under it, the plan, the separate benefit plans, or any provisions contained therein may be amended or terminated by TVA at any time.

For alternate formats of this document, call 865-632-6824
and allow five working days for processing.
