News Release No. 2008-30

EXTENDED HOURS FOR STATE ID CARDS

HONOLULU – The State ID office will continue its extended hours of operation on Thursdays until 6:00 p.m.

The office hours had been extended during a six-month trial period that was scheduled to end on July 31, 2008. Because of the popularity of the extended hours, the office will continue to be open to the public from 8:00 am to 6:00 pm on Thursdays. Applicants must enter the office before 5:30 pm.

On all other business days, the office will be open during its regular hours of 8:00 am to 2:00 pm.

Application instructions and forms are available on the Internet at www.stateid.hawaii.gov. Recorded instructions are available by telephone at (808) 587-3111. Further questions may be directed to (808) 587-3112.

The extended hours are part of the State ID office's continuous efforts to make its services accessible to the public. The office also offers a popular outreach program in which State ID staff travel to various communities on one Saturday each month to process applications in schools and other easily accessible locations.
