Amendment to Regulation SHO

Sir:

I am a private small investor who has over the last 3 years been trying to move the powers to be to ENFORCE the 3 day buy in to prevent the counterfeiting of shares. I have contacted the NASD, DTCC, SEC, my representatives in congress and even the Attorney General Office in the State of Nevada; all of the preceding either defer the problem or state "we can't give you any information." Even the President of the United States in his "Executive Order:Further Amendment to Executive Order 12866 on Regulatory Planning and Review" January 18, 2007 seems powerless to compel the ENFORCEMENT arm of the SEC to prevent the Counterfeiting of stock. All I am asking for is a level FAIR playing field where the public determines the value of a stock through supply and demand NOT the money makers and brokers. Rescind the Grandfather clause of Reg. SHO, ENFORCE the 3 day buyin for stock, compel all fail to deliver to be made whole and bought by those who sold them.
