

BASINS/HSPF TRAINING WORKSHOPS

JUNE 14-18, 2004

ATHENS, GA

SEPTEMBER 20-24, 2004

SANTA CLARA, CA

These EPA-sponsored workshops will be led by expert instructors from AQUA TERRA Consultants and Utah State University. The workshops will consist of approximately 50 percent lecture and 50 percent computer exercises, and will focus on the application of HSPF through EPA's BASINS system.

Course Dates and Duration

Workshop 1: 4 ½ day workshop, June 14-18, 2004

Workshop 2: 4 ½ day workshop, September 20-24, 2004

Locations

The first workshop will be held in cooperation with the EPA's Watershed and Water Quality Modeling Technical Support Center, and held at the EPA National Exposure Research Laboratory in Athens, GA

EPA National Exposure Research Laboratory
960 College Station Road
Athens, GA 30605
<http://www.epa.gov/athens/about/>

The second workshop will be held at the following location in Santa Clara, CA:

Ready Serve/Techmart
5201 Great America Parkway
Santa Clara, CA 95054
<http://www.readyserve.com>

See web sites for locations and directions.

Course Schedule <http://hspf.com/baswkshop.html>

The 4 ½ day course is scheduled as follows:

Monday, 1:00pm - 5:00 pm (On-site Check In/Registration 12:00 - 1:00 pm)
Tuesday - Thursday, 8:30 am - 5:00 pm
Friday, 8:30 am - 4:00 pm

Registration

The workshops are free, but space is limited and **prior registration is required**. To request space in either workshop, please email **Doris Jean Quiring (djquiring@aquaterra.com)** at AQUA TERRA Consultants (phone: 650-962-1864). Along with your request, please include complete contact information (name, title, organization, address, phone, fax) a **brief statement** explaining your interest in BASINS and HSPF, and indicate which workshop you would like to attend.

For the first workshop, registration requests must be received by **7 May 2004**. Final registrants will be confirmed and notified of their acceptance by 14 May 2004.

For the second workshop registration requests must be received by **13 August 2004**. Final registrants will be confirmed and notified of their acceptance by 20 August 2004.

Prerequisites

Workshop participants should have familiarity with ArcView 3.x and a basic understanding of watershed hydrology and water quality processes.

Accommodations

Local hotel information will be provided to all registrants in the near future.

Travel

Athens is located about 60 miles northeast of Atlanta, GA. Atlanta's Hartsfield-Jackson International Airport is about an hour and a half drive from Athens.

The San Jose Airport is about 5 miles from the second workshop location, and the San Francisco Airport is about 30 miles.
