Standard Terminal Automation Replacement System Gateway Driver (STARSGATE)

Version 1.0
November 14, 2007

A component of:

SIGNAL

Simulation and Integration of Ground, Network, and Air Links

Status:

Operational

Connections:

This software connects to Charter as a client. It allows the server connections by the STARS Common Gateway, and also provides communications that are required to drive the Operational STARS hardware in Simulation/Training Mode.

Overview:

This projects goal was to generate the communications that are required though the STARS Common Gateway to drive the Operational STARS Hardware in Simulation/Training Mode.
