

# The Information System (TIS)

Version 1.0  
November 14, 2007

A component of:

**SIGNAL**

Simulation and Integration of Ground, Network, and Air Links

**Status:**

Operational

**Connections:**

This software connects to Charter as a client.

**Overview:**

This projects goal was to allow the Instructors to provide information to the students during simulation runs. This information can be in the form of either text or pictures. This software is used by EnRoute, Terminal and Tower Classes.
