A legend and map information block. On the left, a small map of the southwestern United States shows the states of Nevada, Utah, California, and Arizona, with a red dot indicating the 'Project Location' in Nevada. To the right of this map is a legend with three entries: a yellow square for 'Historically Occupied', a red square for '2003 Surveyed/Not Occupied', and a green square for '2003 Surveyed/Occupied'. Further right is a compass rose with 'N' at the top, 'S' at the bottom, 'E' on the right, and 'W' on the left. To the right of the compass rose is the word 'Elgin'. At the bottom right is a scale bar with markings for 1000, 0, and 1000 meters.
