Both t[T]he Respondent and the Office of Enforcement shall have 15 days after service of notice of any [a] decision made pursuant to Rule 17.9 of this Chapter to petition for review of the decision by filing a copy of the petition with the Secretary of the Exchange ("Secretary") and with all other parties to the hearing [the Exchange's Office of Enforcement]. Such petition shall be in writing and shall specify the findings and conclusions to which exceptions are taken together with reasons for such exceptions. Any objections to a decision not specified by written exception shall be considered to have been abandoned.

(2) Written Submissions. II. Description of the Proposal

A. Ex Parte Communications with Exchange Board Members Prohibited

Exchange Rule 17.4(d) prohibits members or persons associated with members from making or causing ex parte communications with any member of the BBC concerning the merits of any matter pending under the disciplinary rules of the Exchange. This prohibition is to eliminate the potential that such communications might somehow influence the outcome of an

investigation or enforcement matter. The proposed rule change would amend Exchange Rule 17.4(d) to also forbid ex parte communications with members of the Board. The Exchange represents that such communications are already prohibited by some of the other self-regulatory organizations ("SROs").⁷

The proposed rule change would also add two new Interpretations to clarify the application of the amended Exchange Rule 17.4(d). Proposed Interpretation .02 addresses the current language of Exchange Rule 17.4(d), which permits ex parte communications that do not "concern the merits." Proposed Interpretation .02 distinguishes permissible ex parte communications from those "concerning the merits" by specifying that the only permissible ex parte communications are those that deal "solely" with procedural matters. The Exchange considers examples of "solely procedural matters" to include the following: "the time, place, or manner of events in the disciplinary process, or the procedural requirements set forth in the Exchange's rules as they apply to the disciplinary proceedings."⁸

Proposed Interpretation .03 is intended to provide workable guidelines for Board and BCC members, particularly those who work on the Exchange trading floor. In such positions, these Board and BCC members are subject to the possibility that a member or associated person involved in an investigation or disciplinary proceeding may approach them and launch into a conversation or other communication concerning the merits of their disciplinary case before the Board or BCC member can stop them. The Exchange believes it would be unfair in such circumstances to subject the Board or BCC member to disciplinary action for violation of Exchange Rule 17.4(d) if the violation of the Rule is caused by the unpredictable and uncontrollable actions of a third party. At the same time, the Exchange believes that Board or BCC members in such circumstances remain responsible for adhering to Exchange Rule 17.4(d) and encouraging members and

associated persons to do likewise. To balance these concerns, proposed Interpretation .03 clarifies that, in such circumstances, Board or BCC members will not be deemed to have violated Exchange Rule 17.4(d) so long as they "refuse the communication" (e.g., stop the conversation, stop reading the e-mail or letter, etc.) as soon as it becomes apparent that the communication concerns the merits of the case. In addition, the Exchange proposes to require that a person refusing an ex parte communication notify Exchange regulatory staff about such ex parte communication and how he or she responded to it, and also requires that the Exchange regulatory staff memorialize such information of the attempted communication in the regulatory record of the investigation or disciplinary proceeding.⁹ The Exchange represents that copies of the attempted communication will be given to all of the parties involved in the proceeding.¹⁰

B. Exchange Office of Enforcement's Right To Appeal

Exchange Rule 17.10(a) permits a respondent in a disciplinary matter to appeal a decision of the BCC to the Board, but does not grant the Exchange's Office of Enforcement ("OOE") a similar right of appeal. The proposed rule change would permit the Exchange's OOE to appeal factual findings that the OOE thinks may have been in error, as well as to appeal disciplinary sanctions that the OOE deems insufficient. The Exchange represents that such appeals are already authorized at other SROs.¹¹ Therefore, the Exchange proposes to amend Exchange Rules 17.9 and 17.10 to give the OOE and the Respondent equivalent rights in the appellate process.

III. Discussion

The Commission has carefully reviewed the proposed rule change, as amended, and finds that it is consistent with the Act and the rules and regulations promulgated thereunder applicable to a national securities exchange and, in particular, with the requirements of section 6(b) of the Act.¹² Specifically, the Commission

¹² 15 U.S.C. 78f(b). In approving this proposal, the Commission has considered the proposed rule's

finds that the proposed rule change, as amended, is consistent with section 6(b)(5) of the Act¹³ in that it is designed to promote just and equitable principles of trade, to remove impediments and to perfect the mechanism of a free and open market and a national market system, and in general, to protect investors and the public interest. In addition, the Commission finds that the proposed rule change, as amended, is consistent with sections 6(b)(1) and 6(b)(7) of the Act¹⁴ in that it requires compliance by the Exchange members and persons associated with its members with the Act, the rules and regulations thereunder, and Exchange rules; and provides a fair procedure for the disciplining of Exchange members.

The Commission believes that the proposed rule change, as amended, should limit ex parte communications in the disciplinary process, thereby providing a safeguard against influence over the outcome of a disciplinary proceeding and eliminating the appearance of unfairness. The Commission notes that the Exchange currently prohibits ex parte communications between persons involved in disciplinary proceedings and the Exchange's BCC. Extending the prohibition to Board members is consistent with practices on other SROs.¹⁵

The Commission believes that proposed Interpretations .02 and .03 to the proposed rule change should provide objective criteria and guidance regarding the application of the proposed rule change, as amended. The Commission notes that proposed Interpretation .02 excludes from the prohibition against ex parte communications any ex parte communications dealing solely with procedural matters. The Commission further notes that the Exchange has provided examples of what it considers "solely procedural matters." The Commission believes that proposed Interpretation .03 strikes the right balance permitting persons who refuse an attempted ex parte communication to avoid violating the rule, provided that they report such attempted communication and their responses to such communications to Exchange regulatory staff. The proposed Interpretation would also require Exchange regulatory staff to keep a record of the attempted ex parte communication in the regulatory record

impact on efficiency, competition and capital formation. 15 U.S.C. 78c(f).

of the investigation or disciplinary proceeding. In addition, the Commission notes that the Exchange has represented that it will give copies of the attempted ex parte communication to all of the parties involved in the proceeding.¹⁶

Furthermore, the Commission believes that allowing the Exchange's OOE to appeal a decision of the BCC to the Board regarding factual findings that the OOE believes may have been in error or disciplinary sanctions that it finds insufficient, is consistent with practices on other SROs.¹⁷

In addition, the Commission finds good cause for approving Amendment Nos. 2 and 3 to the proposed rule change prior to the thirtieth day after the date of publication of notice of filing thereof in the **Federal Register**.

Amendment No. 2 deletes proposed CBOE Rule 17.15 and amends CBOE Rule 17.4 to incorporate the Board into the prohibition against ex parte communications with the BCC. The Commission believes this change is not substantively different from the proposal, as published. In addition, it makes sense for the Board to be subject to the same limitations that the BCC is subject to. As discussed more fully above, Amendment No. 3 provides clarity to proposed rule change by requiring persons to report attempted communications, and by requiring Exchange regulatory staff to memorialize the communications. In addition, Amendment No. 3 provides examples of what the Exchange would consider "solely procedural matters" for purposes of proposed Interpretation .02. The Commission, therefore, finds good cause to approve Amendment Nos. 2 and 3 to the proposed rule change on an accelerated basis.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning Amendment Nos. 2 and 3, including whether the Amendment Nos. 2 and 3 to the proposed rule change are consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609.
