BILLING CODE 4410-10-M

SUMMARY: This notice revises our (MSHA Approval and Certification Center (A&CC)) user fees. Fees compensate us for the costs that we incur for testing, evaluating, and approving certain products for use in underground mines. The 2003 fees are based on our actual expenses for fiscal year 2002. The fees reflect changes both in our approval processing operations and in the costs to process approval actions.

DATES: This fee schedule is effective from January 1, 2003, through December 31, 2003.

FOR FURTHER INFORMATION CONTACT: Steven J. Luzik, Chief, Approval and Certification Center (A&CC), 304-547-2029 or 304-547-0400.

SUPPLEMENTARY INFORMATION:

Background

On May 8, 1987 (52 FR 17506), MSHA published a final rule, 30 CFR part 5—Fees for Testing, Evaluation, and Approval of Mining Products. The rule established specific procedures for

calculating, administering, and revising user fees. We have revised our fee schedule for 2003 in accordance with the procedures of that rule. This new fee schedule is included below. For approval applications postmarked before January 1, 2003, we will continue to calculate fees under the previous (2002) fee schedule, published on December 28, 2001.

Fee Computation

In general, MSHA computed the 2003 fees based on fiscal year 2002 data. We calculated a weighted-average, direct cost for all the services provided during fiscal year 2002 in the processing of requests for testing, evaluation, and approval of certain products for use in underground mines. From this cost, we calculated a single hourly rate to apply uniformly across all of the product approval categories during 2003.

Dated: December 26, 2002.

John R. Caylor,

Deputy Assistant Secretary of Labor for Mine Safety and Health.

DEPARTMENT OF LABOR
