SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-46933; File No. SR-ISE-2002-22]

Self-Regulatory Organizations; Order Granting Approval of Proposed Rule Change by the International Securities Exchange, Inc. ("ISE") Relating to Pilot Fee Waivers

December 2, 2002.

On October 3, 2002, the International Securities Exchange, Inc. ("ISE") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to waive certain fees on a pilot basis. The proposed rule change, as amended, would waive the following fees through May 31, 2003: firm proprietary execution fees for trading in the ISE Block Mechanism; firm proprietary execution fees for all trades on options on the iShares S&P 100 Index Fund; and the \$.10 licensing surcharge fee for all firm proprietary trades in options on the iShares S&P 100 Index Fund. The ISE filed an amendment to the proposed rule change on October 9, 2002.³ The proposed rule

change, as amended, was published for notice and comment in the **Federal Register** on October 28, 2002.⁴ The Commission received no comments on the proposed rule change.

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange⁵ and, in particular, the requirements of Section 6 of the Act⁶ and the rules and regulations thereunder. The Commission believes that the proposed fee waivers, to be effective until May 31, 2003, are reasonable.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act⁷, that the proposed rule change, as amended (SR-ISE-2002-22), be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁸

³ Previously, DTC had filed another proposed rule change to establish procedures for Unitary Actions. Securities Exchange Act Release No. 34-45316 (Jan. 18, 2002), 67 FR 4299 (Jan. 29, 2002) (File No. SR-DTC-2001-05). In response to a comment letter from the Corporate Actions Division of the Securities Industry Association (Mar. 25, 2002) and conversations with Board members of that Division, DTC withdrew that proposed rule change and submitted the present filing.

⁷ See letter from Michael J. Simon, Senior Vice President and General Counsel, ISE, to Nancy Sanow, Assistant Director, Division of Market Regulation, SEC, dated October 8, 2002, and attachment ("Amendment No. 1"). In Amendment No. 1, the ISE proposes to correct the rule text of

Federal Register on August 27, 2002.² No comment letters were received. For the reasons discussed below, the Commission is granting approval of the proposed rule change.

II. Description

Under NSCC's current rules, each member, except for a Mutual Fund/Insurance Services Member, is required to maintain a minimum contribution to the clearing fund of \$10,000. The first \$10,000 of a member's contribution must be in cash, and if all or a part of the member's contribution is collateralized with letters of credit, the greater of \$50,000 or ten percent of the member's contribution up to a maximum of \$1,000,000 is required to be in cash.

To assure NSCC of more cash to meet any liquidity needs, NSCC is modifying rule 4 (Clearing Fund) and procedure XV (Clearing Fund Formula and Other Matters) of its rules and procedures to require that, except with respect to a Mutual Fund/Insurance Services Member: (1) The first 40%, but no less than \$10,000, of a member's required deposit to the clearing fund must be in cash and (2) with respect to the remaining amount, no more than 25% of the required deposit may be collateralized with a letter of credit. Mutual Fund/Insurance Services Members' clearing fund requirements will remain unchanged.

Based on NSCC's current calculations, increasing the percentage of cash that must be deposited to the clearing fund will impact approximately 48 member firms. Reducing the permitted use of letters of credit will affect 21 of the approximately 33 member firms that post letters of credit. NSCC will implement these clearing fund changes no earlier than 30 days after the Commission approves the proposed rule change.

III. Discussion

Section 17A(b)(3)(F) of the Act requires that the rules of a clearing agency be designed to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible.³ By increasing the minimum percentage of cash that NSCC members must deposit to meet their required deposits to the clearing fund and by lowering the maximum percentage of their required clearing fund deposit that may be collateralized with letters of credit, the rule change

will result in NSCC maintaining a higher percentage of cash in its clearing fund which will make the clearing fund more liquid. This will result in NSCC being in a better position to address any situation in which the clearing fund is called into play. As a consequence, NSCC will be better able to provide for the safeguarding of funds and securities under its custody or control or for which it is responsible.

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act and in particular with the requirements of section 17A(b)(3)(F) of the Act and the rules and regulations thereunder.

It is therefore ordered, pursuant to section 19(b)(2) of the Act, that the proposed rule change (File No. SR-NSCC-2002-05) be and hereby is approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.⁴

Assistant Secretary.
