CONSUMER PRODUCT SAFETY COMMISSION

Submission for OMB Review; Comment Request—Flammability Standards for Carpets and Rugs

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the **Federal Register** of September 16, 2002 (67 FR 58358), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), to announce the agency's intention to seek extension of approval of collections of information in regulations implementing two flammability standards for carpets and rugs. The regulations are codified at 16 CFR parts 1630 and 1631, and prescribe requirements for testing and recordkeeping by persons and firms issuing guaranties of products subject to the Standard for the Surface Flammability of Carpets and Rugs and the Standard for the Surface Flammability of Small Carpets and Rugs.

Two comments were received in response to that notice. The Carpet and Rug Institute ("CRI") commented that the washing requirement in § 1630.4(ii) is not an acceptable method for cleaning carpet materials and suggested that the staff consider the AATCC Test Method 171-2000, "Carpets: Cleaning of; Hot Water Extraction Method," as a more appropriate method for consideration. CRI further commented that the testing and recordkeeping is not a significant burden for the industry when measured against the benefits of consumer protection and product liability.

Shaw Industries, Inc. suggested that § 1630.4(ii) be changed to reference the same AATCC test method and also

commented on the Eli Lilly Pharmaceuticals, Inc. ("Lily") discontinuation of methenamine tablets specified as the source of ignition. The CPSC staff is aware that Lily no longer produces the methenamine tablet specified as the ignition source in the standards. The staff is in the process of evaluating methenamine pills from several different manufacturers and developing draft technical amendments to the standards that will provide performance requirements for the ignition source, rather than specifying a manufacturer. The staff will also consider other relevant issues, such as laundering procedures, as appropriate during the amendment process.

After considering these comments, the staff believes it should nevertheless seek approval of the collection of information. Therefore, by publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget a request for extension of approval of those collections of information without change.
