Class III Gaming Procedures

Type of review: Extension of a currently-approved collection.

Title: Class III Gaming Procedures, 25 CFR part 291.

Summary: The collection of information will ensure that the provisions of IGRA, the relevant provisions of State laws, Federal law and the trust obligations of the United States are met when federally recognized tribes submit Class III procedures for review and approval by the Secretary of the Interior. Sections 291.4, 291.10, 291.12 and 291.15 of 25 CFR part 291, Class III Gaming Procedures, specifies the information collection requirement. An Indian tribe must ask the Secretary to issue Class III gaming procedures. The information to be collected includes: name of Tribe and State; tribal documents, State documents, regulatory schemes, the proposed procedures and other documents deemed necessary. Collection of this information is currently authorized under an approval by OMB (OMB Control Number 1076-0149). All information is collected when the tribe makes a request for Class III gaming procedures. Annual reporting and recordkeeping burden for this collection of information is estimated to occur one time on an annual basis. The estimated number of annual requests is 12 tribes seeking Class III gaming procedures. The estimated time to review instructions and complete each application is 320 hours. Thus, the total annual reporting and recordkeeping burden for this collection is estimated to be 3,840 hours.

Frequency of Collection: Annually.

Description of Respondents: Federally recognized tribes.

Total Respondents: 12.

Response Hours per Application: 320.

Total Annual Burden Hours: 3,840 hours.

Tribal Revenue Allocation Plans

Type of review: Extension of a currently-approved collection.

Title: Tribal Revenue Allocation Plans, 25 CFR part 290.

Summary: In order for Indian tribes to distribute net gaming revenues in the form of per capita payments, information is needed by the BIA to ensure that Tribal Revenue Allocation Plans include assurances that certain statutory requirements are met, a breakdown of the specific uses to which net gaming revenues will be allocated, eligibility requirements for participation, tax liability notification and the assurance of the protection and preservation of the per capita share of

minors and legal incompetents. Sections 290.12, 290.17, 290.24 and 290.26 of 25 CFR part 290, Tribal Revenue Allocation Plans, specifies the information collection requirement. An Indian tribe must ask the Secretary to approve a Tribal Revenue Allocation Plan. The information to be collected includes: name of Tribe, tribal documents, the allocation plan and other documents deemed necessary. Collection of this information is currently authorized under an approval by OMB (OMB Control Number 1076-0152). All information is collected when the tribe submits a Tribal Revenue Allocation Plan. Annual reporting and recordkeeping burden for this collection of information is estimated to average between 75-100 hours for approximately 50 respondents, including the time for reviewing instructions, researching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Thus, the total annual reporting and recordkeeping burden for this collection is estimated to be 3,750-5,000 hours. We are using the higher estimate for purposes of estimating the public burden.

Frequency of Collection: Annually.

Description of Respondents: Federally recognized tribes.

Total Respondents: 50.

Total Annual Responses: 50.

Total Annual Burden Hours: 5,000 hours.
