AGENCY: Bureau of Land Management, Interior.

ACTION: Correcting amendments.

SUMMARY: This document corrects the Bureau of Land Management (BLM) final rule on mineral materials disposal that was published November 23, 2001 (66 FR 58892), by adding changes in several cross references to the regulations on mineral materials disposal that appear elsewhere in BLM regulations. These cross-reference amendments should have appeared in the original final rule. This document also corrects typographical and editorial errors in the 2001 final rule.

EFFECTIVE DATE: January 22, 2002.

FOR FURTHER INFORMATION CONTACT: Dr. Durga N. Rimal, Solid Minerals Group, at (202) 452–0350. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, 24 hours a day, 7 days a week.

SUPPLEMENTARY INFORMATION: The final rule published on November 23, 2001 (66 FR 58892–58910), removed part 3610 and subpart 3621 as part of its reorganization of the regulations on mineral materials disposal in 43 CFR part 3600, and made a conforming amendment in 43 CFR subpart 3809. The final rule should have amended the cross-references to part 3610 that appear in 43 CFR sections 8224.1 and 8365.1–5, and a cross-reference to subpart 3621 that appears in section 8365.1–5.

Because the substance of the removed CFR units appears in other sections of revised part 3600, the cross-references should have been amended and not removed. These erroneous cross-references in the Code of Federal Regulations may prove to be misleading and need to be corrected. This document corrects this oversight.

We are also correcting editorial and typing errors in part 3600. In section 3601.51, which describes when BLM may inspect your mineral materials operation, we are correcting a conjunction from “and” to “or” in order to forestall a possible interpretation of the provision to require a BLM inspector planning to inspect, for example, mine conditions also to conduct unnecessary surveys and examine weight tickets, which was not our intent in preparing the final rule. Also, in section 3602.12(c), we are correcting the term “public lands laws” to read “public land laws”, the term as used in all other BLM regulations.

Finally, we are correcting a printing error in a CFR authority citation. The citation for the Land and Water Conservation Fund Act is 16 U.S.C. 460l–6a, which contains the italic letter “ell” in the section number. This appears in the authority citation for part 8360 as the numeral “one”, an error that this document corrects.

Dated: October 29, 2002.

Group Manager, Regulatory Affairs.
