The Acting Assistant Secretary for Administration, with the concurrence of the General Counsel formally determined on November 15, 2002, pursuant to Section 10(d) of the Federal Advisory Committee Act, as amended, that the December 4th meeting of the Committee and of any subcommittee thereof, dealing with privileged or confidential commercial information may be exempt from the provisions of the Act relating to open meeting and public participation therein because these items are concerned with matters that are within the purview of 5 U.S.C. 552b(c)(4) and (9)(B). A copy of the Notice of Determination is available for public inspection and copying in the Department of Commerce Records Inspection Facility, Room 6020, Main Commerce.

Dated: November 15, 2002.

# North American Free-Trade Agreement (NAFTA), Article 1904 NAFTA Panel Reviews; Decision of the Panel

**AGENCY:** NAFTA Secretariat, United States Section, International Trade Administration, Department of Commerce.

**ACTION:** Corrected notice of decision of NAFTA panel.

**SUMMARY:** On October 15, 2002 the NAFTA Panel issued its decision in the matter of Pure Magnesium from Canada, Secretariat File No. USA–CDA–00–1904–06.

# **FOR FURTHER INFORMATION CONTACT:** Caratina L. Alston, United States

Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue, Washington, DC 20230, (202) 482–5438. **SUPPLEMENTARY INFORMATION: Chapter** 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiosly the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established Rules of Procedure for Article 1904 Binational Panel Reviews ("Rules"). These Rules were published in the Federal Register on February 23, 1994 (59 FR 8686). The panel review in this matter was conducted in accordance with these Rules.

Background Information: On August 4, 2000, the Government of Quebec filed a First Request for Panel Review with the U.S. Section of the NAFTA Secretariat pursuant to Article 1904 of the North American Free Trade Agreement. Panel review was requested of the Final Results of the Full Sunset Review made by the International Trade Administration respecting Pure Magnesium from Canada. This determination was published in the Federal Register on July 5, 2000 (65 FR 41,436). The request was assigned File No. USA—CDA—00—1904—06.

Panel Decision: The Panel remanded this matter back to the Department (i) for further consideration of the record concerning the "other factors" which are required to be taken into account pursuant to our conclusion in sections 2 and 3 of this opinion; (ii) to reconsider whether the normal preference for the investigation rate should not be followed here.

The Panel ordered the Department to issue a determination on remand consistent with the instructions set forth in the Panel's decision. The Panel instructed DOC to provide a report in 45 days detailing how it will comply with these instructions (by November 29, 2002) and to complete the remand within sixty (60) days thereafter (not later than January 28, 2003).

Dated: November 13, 2002.

# National Institute of Standards and Technology

# Government Owned Invention Available for Licensing

**AGENCY:** National Institute of Standards and Technology, Commerce.

**ACTION:** Notice of Government Owned Invention Available for Licensing.

**SUMMARY:** The invention listed below is owned by the U.S. Government, as

represented by the Department of Commerce. The Department of Commerce's interest in the invention is available for licensing in accordance with 35 U.S.C. 207 and 37 CFR part 404 to achieve expeditious commercialization of results of federally funded research and development.

# FOR FURTHER INFORMATION CONTACT:

Technical and licensing information on the invention may be obtained by writing to: National Institute of Standards and Technology, Technology Partnerships Division, Attn: Mary Clague, Building 820, Room 213, Gaithersburg, MD 20899. Information is also available via telephone: 301–975–4188, e-mail: mclague@nist.gov, or fax: 301–869–2751. Any request for information should include the NIST Docket number and title for the relevant invention as indicated below.

**SUPPLEMENTARY INFORMATION:** NIST may enter into a Cooperative Research and Development Agreement ("CRADA") with the licensee to perform further research on the invention for purposes of commercialization. The invention available for licensing is:

[Docket No.: 01-024US]

*Title:* Method For Combinatorially Measuring Adhesion Strength.

Abstract: This invention is available for nonexclusive licensing only. A new method for measuring the adhesive strength of polymer materials arranged in a combinatorial library is described. In this invention, a combinatorial library consisting of two parts: A periodic distribution of curved surfaces, such as a lens array, and a complementary substrate. These two library components are brought into contact under controlled displacement conditions. Upon contact, a combinatorial array of polymer interfaces is created. After reaching maximum contact, the two library components are separated at a controlled displacement rate. During both the contact and separation processes, the contact area created by each contact point and the corresponding displacement is recorded. This information of contact area and displacement is used to quantitatively determine the adhesion energy of the polymer interface. Additionally, a qualitative mapping of the combinatorial array is simply given by imaging the contact areas over the entire array. With this information, the conditions for optimal adhesion at the polymer interface can be determined as a function of the parameters varied in the combinatorial library. In addition to empirically determining optimal adhesion conditions for a specific

application, this technique will have significant impact in guiding the molecular engineering of optimized adhesive materials for industries such as, but not limited to, electronic packaging, biomaterials, and coatings.

Dated: November 14, 2002.

# Announcing a Meeting of the Computer System Security and Privacy Advisory Board

**AGENCY:** National Institute of Standards and Technology, Commerce. **ACTION:** Notice of meeting.

**SUMMARY:** Pursuant to the Federal Advisory Committee Act, 5 U.S.C. App., notice is hereby given that the Computer System Security and Privacy Advisory Board (CSSPAB) will meet Tuesday, December 3, 2002, from 9 a.m. until 5 p.m., Wednesday, December 4, 2002, from 9 a.m. until 5 p.m. and on Thursday, December 5, 2002, from 9 a.m. until 3:30 p.m. All sessions will be open to the public. The Advisory Board was established by the Computer Security Act of 1987 (Pub. L. 100-235) to advise the Secretary of Commerce and the Director of NIST on security and privacy issues pertaining to federal computer systems. Details regarding the Board's activities are available at http://csrc.nist.gov/csspab/.

**DATES:** The meeting will be held on December 3, 2002, from 9 a.m. until 5 p.m., December 4, 2002, from 9 a.m. until 5 p.m., and December 5, 2002, from 9 a.m. until 3:30 p.m.

ADDRESSES: The meeting will take place at the Washington D.C./North Gaithersburg Hilton Hotel, 620 Perry Parkway, Gaithersburg, Maryland. Agenda:

- -Welcome and Overview
- —CSSPAB Work Plan Reports
- —GSA Update on E-Authentication Effort
- —Updates on Recent Computer Security Legislation
- —Update by OMB on Privacy and Security Issues
- —Briefing on OMB Enterprise Architecture Effort
- Briefing on NIST Certification and Authentication Effort
- —Agenda Development for March 2003 CSSPAB meeting

-Wrap-Up

Note that agenda items may change without notice because of possible unexpected schedule conflicts of presenters.

Public Participation: The Board agenda will include a period of time, not to exceed thirty minutes, for oral comments and questions from the public. Each speaker will be limited to five minutes. Members of the public who are interested in speaking are asked to contact the Board Secretariat at the telephone number indicated below. In addition, written statements are invited and may be submitted to the Board at any time. Written statements should be directed to the CSSPAB Secretariat, Information Technology Laboratory, 100 Bureau Drive, Stop 8930, National Institute of Standards and Technology, Gaithersburg, MD 20899–8930. It would be appreciated if 35 copies of written material were submitted for distribution to the Board and attendees no later than November 25, 2002. Approximately 15 seats will be available for the public and media.

#### FOR FURTHER INFORMATION CONTACT: Dr.

Fran Nielsen, Board Secretariat, Information Technology Laboratory, National Institute of Standards and Technology, 100 Bureau Drive, Stop 8930, Gaithersburg, MD 20899–8930, telephone: (301) 975–3669.

Dated: November 14, 2002.

#### Karen H. Brown,

Deputy Director.

## **DEPARTMENT OF COMMERCE**

# National Oceanic and Atmospheric Administration

[I.D. 110802D]

# Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Fisheries for Dolphin and Wahoo

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Dolphin and wahoo fishery of the U.S. Atlantic coast; request for public comments.

SUMMARY: On June 23, 1999, NMFS, under authority granted to the Secretary of Commerce (Secretary) under the Magnuson-Stevens Fishery Conservation and Management Act, designated the South Atlantic Fishery Management Council (SAFMC) as the council with the administrative lead in

jointly preparing and amending a dolphin, Coryphaena hippurus, and wahoo, Acanthocybium solanderi, Fishery Management Plan (FMP) with the Gulf of Mexico (GMFMC) and Caribbean (CFMC) Fishery Management Councils. The New England (NEFMC) and Mid-Atlantic (MAFMC) Fishery Management Councils already indicated their preference not to manage the stocks directly in their area of jurisdiction, but to limit their participation in such an FMP to an advisory capacity to the SAFMC.

Because of continued logistic delays in finalizing and implementing the jointly developed dolphin and wahoo FMP, and because of identified problems specific to the fishery in the SAFMC's area of jurisdiction (the US. Atlantic coast), on July 16, 2002, the SAFMC requested that the Secretary allow the SAFMC to withdraw from joint preparation of a dolphin and wahoo FMP, and that the Secretary redesignate the SAFMC as lead for a dolphin and wahoo FMP encompassing only the U.S. Atlantic coast (i.e. excluding the Gulf of Mexico and U.S. Caribbean regions).

Public comments are solicited concerning the SAFMC's request.

**DATES:** Comments must be received no later than 4:30 p.m., eastern standard time, on December 23, 2002.

ADDRESSES: Written comments should be sent to Rolland Schmitten, Acting Regional Administrator, Southeast Region, NMFS, 9721 Executive Center Drive N., St. Petersburg, FL 33702. Comments also may be sent via fax to 727–570–5583. Comments will not be accepted if submitted via e-mail or Internet.

FOR FURTHER INFORMATION CONTACT:  $\mathrm{Dr}.$  Steve Branstetter, 727–570–5305.

SUPPLEMENTARY INFORMATION: On September 15, 1997, the SAFMC requested that the Secretary designate the SAFMC as lead Council to develop a fishery management plan for dolphin and wahoo. On March 9, 1998, (63 FR 11422) and May 5, 1998, (63 FR 24774), NMFS, on behalf of the Secretary, published notices in the Federal Register requesting public comment on the SAFMC's proposal to develop a joint dolphin and wahoo FMP. After considering the SAFMC's request and the public comment received, NMFS designated the SAFMC as the council with the administrative lead in jointly preparing and amending a dolphin and wahoo FMP with the GMFMC and CFMC (64 FR 33468).

The SAFMC's 1997 request to initiate development of a dolphin and wahoo FMP was prompted by public and
