Commission believes that these provisions should help to address concerns raised by Goldman and Lehman's involvement in the management of the indices.

The Commission also believes that CHX has appropriate surveillance procedures in place to detect and deter potential manipulation for similar index-linked products. By applying these procedures to the Funds, the Commission believes that the potential for manipulation should be minimized, while protecting investors and the public interest.

CHX has requested that the Commission find good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the Federal Register. CHX has requested accelerated approval because the 1940 Act Application relating to the Funds has been reviewed by the Division of Investment Management and notice of the Application has been published in the Federal Register.³⁴ The Application disclosed the characteristics and risks associated with the Funds. No comments were submitted and the Commission granted the relief requested in the Application.35 The Funds will trade on the Exchange in the same manner as Investment Company Units previously approved by the Commission. Furthermore, the Commission notes that it recently granted accelerated approval to the requests of the Amex and NYSE to list and trade fixed income ETFs.36 Based on the above, the Commission finds good cause to accelerate approval of the proposed rule change.

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,³⁷ that the proposed rule change (File No. SR–CHX–2002–27), as amended, is hereby approved on an accelerated basis.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.³⁸

J. Lynn Taylor,

Assistant Secretary.

SOCIAL SECURITY ADMINISTRATION

Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages that will require clearance by the Office of Management and Budget (OMB) in compliance with Pub. L. 104–13 effective October 1, 1995, The Paperwork Reduction Act of 1995. The information collection packages that may be included in this notice are for new information collections, revisions to OMB-approved information collections and extensions (no change) of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility and clarity; and on ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Written comments and recommendations regarding the information collection(s)

should be submitted to the OMB Desk Officer and the SSA Reports Clearance Officer. The information can be mailed and/or faxed to the individuals at the addresses and fax numbers listed below:

(OMB), Office of Management and Budget, Attn: Desk Officer for SSA, New Executive Office Building, Room 10235, 725 17th St., NW., Washington, DC 20503, Fax: 202– 395–6974.

(SSA) Social Security Administration, DCFAM, Attn: Reports Clearance Officer, 1338 Annex Bldg., 6401 Security Blvd., Baltimore, MD 21235, Fax: 410–965–6400.

I. The information collections listed below are pending at SSA and will be submitted to OMB within 60 days from the date of this notice. Therefore, your comments should be submitted to SSA within 60 days from the date of this publication. You can obtain copies of the collection instruments by calling the SSA Reports Clearance Officer at 410–965–0454, or by writing to the address listed above.

1. Internet Social Security Disability Report–Child—20 CFR 404.1512 and 416.912—0960-NEW. SSA is developing an Internet Social Security Disability Report—Child. This Internet application, I3820, will collect information about a child who is applying for disabled child's benefits. It will solicit the details of the child's condition, how the condition affects the child's day-to-day life, and his or her medical treatment sources and/or other medical sources of evidence. Respondents will provide information on the disabled child by completing a series of screens on a personal computer. The information will then be transmitted to SSA electronically. However, until such time as SSA develops an acceptable electronic signature process and implements a Disability Determination Services (DDS) electronic disability process, applicants will also print, sign and mail a text formatted summary of the answers given on I3820. They will also print, sign and mail copies of the medical release form (SSA-827). The information collected on I3820 will be used by the State DDS's to develop medical evidence and to assess the alleged disability. The respondents will be applicants for child's disability benefits who opt to file via the Internet.

Type of Request: New information collection.

Number of Respondents: 52,300. Frequency of Response: 1 Average Burden Per Response: 2 hours.

Estimated Annual Burden: 104,600 Hours.
