Approval and Promulgation of Implementation Plans for Mississippi: Infectious Waste Incinerator Requirements

AGENCY: Environmental Protection Agency (EPA).

If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

SUPPLEMENTARY INFORMATION:

A. Background

This proposed rule revises DFARS subpart 213.3 to add policy on internal controls for proper use of the Governmentwide commercial purchase card and convenience checks. The rule implements recommendations made by the DoD Charge Card Task Force, in its final report dated June 27, 2002, to strengthen management of the purchase card program.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule pertains primarily to internal DoD procedures for use of the Governmentwide commercial purchase card and convenience checks. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subpart in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2002-D025.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
