Availability of Funds: SAMHSA anticipates that approximately \$825,000 (\$500,000 from CSAT, \$250,000 from CMHS and \$75,000 from CSAP) will be available for approximately 20–30 awards in FY 2003. Period of Support: Support for only one conference from one Center (CMHS, CSAP or CSAT) may be requested in any application. Only one application per receipt date may be submitted. Support may be requested for up to one year from the date of the award.

Criteria for Review and Funding:
General Review Criteria: Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

Award Criteria for Scored Applications: Applications will be considered for funding on the basis of their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process. Public Health System Reporting Requirements: The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions. Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.
 - (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements. Application guidance materials will specify if a particular FY 2003 activity is subject to the Public Health System Reporting Requirements.

PHS Non-use of Tobacco Policy Statement: The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103–227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to

protect and advance the physical and mental health of the American people.

Executive Order 12372: Applications submitted in response to the FY 2003 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17–89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Outer Continental Shelf, Gulf of Mexico Region, Proposed Central and Western Planning Area Multisale Environmental Impact Statement

AGENCY: Minerals Management Service, Interior.

ACTION: Notice of availability of the Final Environmental Impact Statement on Proposed Central Planning Area Oil and Gas Lease Sales 185, 190, 194, 198, and 201, and Proposed Western Planning Area Sales 187, 192, 196, and 200.

SUMMARY: In accordance with the National Environmental Policy Act (NEPA), the Minerals Management Service (MMS) has prepared an environmental impact statement (EIS) for nine proposed areawide oil and gas lease sales in the Central Planning Area (CPA) and Western Planning Area (WPA) of the Gulf of Mexico (GOM) Outer Continental Shelf (OCS).

FOR FURTHER INFORMATION CONTACT: Minerals Management Service, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394, Mr. Joseph Christopher, telephone (504) 736-2774.

SUPPLEMENTARY INFORMATION: This EIS addresses nine proposed Federal actions that offer for lease areas on the GOM OCS that may contain economically recoverable oil and gas resources. Federal regulations allow for several related or similar proposals to be analyzed in one EIS (40 CFR 1502.4). Since each lease sale proposal and projected activities are very similar each year for each planning area, a single EIS is being prepared for nine Central and Western Gulf sales scheduled in the proposed Outer Continental Shelf Oil and Gas Leasing Program: 2002-2007 (the proposed 5-Year Program). Under the proposed 5-Year Program, five annual areawide lease sales are scheduled for the CPA and five annual areawide lease sales are scheduled for the WPA. The first proposed lease sale—Western Gulf Sale 184—was not addressed in this multisale EIS; a separate environmental analysis was prepared for that proposal. The Central Gulf sales addressed in this EIS are Sale 185 in 2003, Sale 190 in 2004, Sale 194 in 2005, Sale 198 in 2006, and Sale 201 in 2007. The Western Gulf sales are Sale 187 in 2003, Sale 192 in 2004, Sale 196 in 2005, and Sale 200 in 2006. Although this EIS addresses nine proposed lease sales, at the completion of this EIS process, decisions will be made only for proposed Sale 185 in the CPA and proposed Sale 187 in the WPA. Additional NEPA reviews will be conducted for each of the subsequent lease sales to ensure that the most current information is used in each decision process.

EIS Availability: You may find out which local libraries along the Gulf Coast have copies of the Final EIS for review, or you may obtain single copies of the Final EIS by contacting the Minerals Management Service, Gulf of Mexico OCS Region, Attention: Public Information Office (Mail Stop 5034), 1201 Elmwood Park Boulevard, Room 114, New Orleans, Louisiana 70123-394, or by calling 1-800-200-GULF.
