

*Miscellaneous*

1. Members of the Committee will not be paid for their services, but will, upon request, be allowed travel and per diem expenses in accordance with 5 U.S.C. 5701 *et seq.*, while attending meetings of the Committee or of its subcommittees, or while otherwise performing duties at the request of the chairperson, while away from their homes or a regular place of business.

2. The Committee will meet at least once per year at the call of the Chair. Additional meetings may be called whenever one-third or more of the members so request it in writing or whenever the Chair or the Director of NIST requests a meeting.

3. Committee meetings will be open to the public except when a closed session is held in accordance with 5 U.S.C. 552b(c)(6), because divulging information discussed in those portions of the meetings is likely to reveal information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy. All other portions of the meetings are open to the public.

**Nomination Information**

1. Nominations are sought from all fields involved in issues affecting National Construction Safety Teams.

2. Nominees should have established records of distinguished service. The field of expertise that the candidate represents he/she is qualified should be specified in the nomination letter. Nominations for a particular field should come from organizations or individuals within that field. A summary of the candidate's qualifications should be included with the nomination, including (where applicable) current or former service on federal advisory boards and federal employment. In addition, each nomination letter should state that the person agrees to the nomination, acknowledges the responsibilities of serving on the Committee, and will actively participate in good faith in the tasks of the Committee.

3. The Department of Commerce is committed to equal opportunity in the workplace and seeks a broad-based and diverse Committee membership.

RIN 0648-ZA91

**NOAA Climate and Global Change Program, Program Announcement**

**AGENCY:** Office of Global Programs, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration, Commerce.

**ACTION:** Notice.

**SUMMARY:** This document amends a notice published in the **Federal Register** on April 8, 2002, regarding the NOAA Climate and Global Change program. This amendment is intended to show NOAA's interest in supporting new 2003 funding for the Regional Integrated Sciences and Assessments (RISA) program area and to incorporate further details of program emphasis and topic areas. Full program details can also be found in the RISA program information sheet at <http://www.ogp.noaa.gov/mpe/csi.risa/html>. Potential applicants should look at the specific wording of the initial **Federal Register** notice.

**DATES:** Letters of intent must be received at the Office of Global Program (OGP) no later than November 25, 2002.

Applicants who have not received a response to their letter of intent within four weeks should contact the Program Manager. Full proposals must be received at OGP no later than January 24, 2003. We anticipate that review of full proposals will occur during January and February 2003, and funding should begin during late spring of 2003 for most approved projects. Applicants should be notified of their status within three months. June 1, 2003, should be used as the proposed start date on proposals, unless otherwise directed by the Program Manager. All proposals must be submitted in accordance with the guidelines below. Failure to heed these guidelines will result in proposals being returned without review.

**ADDRESSES:** Letter of Intent and Proposals should be submitted to: Office of Global Programs; National Oceanic and Atmospheric Administration; 1100 Wayne Avenue, Suite 1210; Silver Spring, MD 20910-5603.

**FOR FURTHER INFORMATION CONTACT:** Irma duPree at the above address, or at (301) 427-2089 ext. 107, fax: (301) 427-2222, Internet: [irma.duPree@noaa.gov](mailto:irma.duPree@noaa.gov).

**SUPPLEMENTARY DATA:** This notice incorporates the OGP Program

Announcement published at 67 FR 16733 (April 8, 2002) which sets forth OGP program requirements binding upon this solicitation including the evaluation and selection process. The program description, background and requirements, as well as guidelines for applications are included in that notice and are not repeated here.

The Regional Integrated Sciences and Assessments (RISA) Program will accept applications towards the goal to support regionally focused integrated research and assessments. The program integrates climatic predictions and information within the institutional and social constraints decision makers work within. A successful research team must have as leaders scientists who have proven to be successful in their own field of research. They must be sufficiently flexible and creative enough to combine their expertise with researchers of other disciplines and decision makers to produce genuinely integrated research applicable to end users' needs. It is important that the proposal illustrates that the research: (1) Will achieve the strategic goals of the nationwide program; (2) can be completed successfully; (3) will not substantially duplicate other projects currently funded by NOAA or other federal agencies, and (4) demonstrates the proposed team has the capacity to integrate the physical and social science research around two or three tractable issues of importance to decision makers in the specified region.

For information on embargoes and quota re-openings, refer to the Office of Textiles and Apparel Web site at <http://otexa.ita.doc.gov>.

**SUPPLEMENTARY INFORMATION:**

**Authority:** Section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854); Executive Order 11651 of March 3, 1972, as amended.

The import restraint limits and Guaranteed Access Levels (GALS) for textile products, produced or manufactured in Guatemala and

exported during the period January 1, 2003 through December 31, 2003 are based on limits notified to the Textiles Monitoring Body pursuant to the Uruguay Round Agreement on Textiles and Clothing (ATC).

In the letter published below, the Chairman of CITA directs the Commissioner of Customs to establish limits and guaranteed access levels for 2003.

These specific limits and guaranteed access levels do not apply to goods that qualify for quota-free entry under the Trade and Development Act of 2000.

A description of the textile and apparel categories in terms of HTS numbers is available in the CORRELATION: Textile and Apparel Categories with the Harmonized Tariff Schedule of the United States (see **Federal Register** notice 66 FR 65178, published on December 18, 2001). Information regarding the availability of the 2003 CORRELATION will be published in the **Federal Register** at a later date.

Requirements for participation in the Special Access Program are available in **Federal Register** notice 63 FR 16474, published on April 3, 1998.

**James C. Leonard III,**

*Chairman, Committee for the Implementation of Textile Agreements.*

**Committee for the Implementation of Textile Agreements**

November 1, 2002.

Commissioner of Customs,  
*Department of the Treasury, Washington, DC 20229.*

Dear Commissioner: Pursuant to section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854); Executive Order 11651 of March 3, 1972, as amended; and the Uruguay Round Agreement on Textiles and Clothing (ATC), you are directed to prohibit, effective on January 1, 2003, entry into the United States for consumption and withdrawal from warehouse for consumption of cotton, wool and man-made fiber textile products in the following categories, produced or manufactured in Guatemala and exported during the period beginning on January 1, 2003 and extending through December 31, 2003, in excess of the following levels of restraint:

Category	Twelve-month restraint limit
340/640 .....	2,257,523 dozen.
347/348 .....	2,703,123 dozen.
351/651 .....	476,212 dozen.
443 .....	77,658 numbers.
448 .....	48,658 dozen.

The limits set forth above are subject to adjustment pursuant to the provisions of the ATC and administrative arrangements notified to the Textiles Monitoring Body.

Products in the above categories exported during 2002 shall be charged to the applicable category limits for that year (see directive dated October 25, 2001) to the extent of any unfilled balances. In the event the limits established for that period have been exhausted by previous entries, such products shall be charged to the limits set forth in this directive.

Also pursuant to the ATC, and under the terms of the Special Access Program, as set forth in 63 FR 16474 (April 3, 1998), effective on January 1, 2003, you are directed to establish guaranteed access levels for properly certified textile products in the following categories which are assembled in Guatemala from fabric formed and cut in the United States and re-exported to the United States from Guatemala during the period January 1, 2003 through December 31, 2003:

Category	Guaranteed access level
340/640 .....	520,000 dozen.
347/348 .....	1,000,000 dozen.
351/651 .....	200,000 dozen.
443 .....	25,000 numbers.
448 .....	42,000 dozen.

Any shipment for entry under the Special Access Program which is not accompanied by a valid and correct certification in accordance with the provisions of the certification requirements established in the directive of January 24, 1990 (55 FR 3079), as amended, shall be denied entry unless the Government of Guatemala authorizes the entry and any charges to the appropriate specific limit. Any shipment which is declared for entry under the Special Access Program but found not to qualify shall be denied entry into the United States.

These specific limits and guaranteed access levels do not apply to goods that qualify for quota-free entry under the Trade and Development Act of 2000.

In carrying out the above directions, the Commissioner of Customs should construe entry into the United States for consumption to include entry for consumption into the Commonwealth of Puerto Rico.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception of the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,  
**James C. Leonard III,**  
*Chairman, Committee for the Implementation of Textile Agreements.*
