RE: IN SUPPORT OF LES & NEF

Governor Richardson,

Lea County is very excited about the National Enrichment Facility locating outside of Eunice. The oil and gas industry has supported Lea County and the State of New Mexico for over 75 years. Now is the time to diversify!

I am very active in my community and talk to a variety of people on this subject, 98% of the residents of Lea County are in favor of the enrichment facility.

Please don't listen to just a few nay sayers, who don't have their facts straight, and don't care to get them straight.

If you want to see for yourself that Lea County is 98% for the Uranium Enrichment Facility, come on down to Eunice and join us for one of our Town Hall meetings.

Sincerely

Mary J. Fuller
