Nuclear Regulatory Commission
Washington, D.C.

Dear Melanie,

I would appreciate it if you would send a memo to all of the NRC staff involved in evaluating the Louisiana Energy Service (LES) operating license application reminding them that it is the responsibility of the NRC not to be influenced by the popularity of LES among the rich and super-rich and their cronies. If the NRC granted LES an operating license based on popularity then Lea County could simply hold a referendum vote and save the NRC a lot of trouble.
