Thirty-four Partners Receive 2007 SmartWay Excellence Award

Recipients of a 2007 SmartWay Excellence Award were recognized in October during a special ceremony hosted by the Council of Supply Chain Management Professionals (CSCMP). Thirty-four partners received the award for integrating innovative strategies and technologies into their business operations, resulting in reduced energy consumption and greenhouse-gas emissions.

The Council of Supply Chain Management Professionals, a SmartWay affiliate, hosted this year's awards ceremony. The ceremony was held during CSCMP's Annual Conference during a luncheon attended by over 2,500 industry representatives.

Partners receiving the award included large and small trucking fleets, shippers, logistics management companies, a rail carrier and affiliate organizations that are successfully pursuing SmartWay's energy conservation and environmental protection goals.

Sandor Lau enthusiastically accepts a 2007 SmartWay Excellence Award on behalf of his organization, Cascade Sierra Solutions (CSS), a SmartWay affiliate. CSS is a non-profit organization dedicated to saving fuel and reducing emissions from heavy-duty diesel engines.
