Healthcare Integrity and Protection Data Bank: Announcement of Opening Date for Reporting and Self-Query Fee

AGENCY: Office of Inspector General (OIG), HHS.

ACTION: Notice.

In accordance with final regulations implementing the Healthcare Integrity and Protection Data Bank (HIPDB) published in the **Federal Register** on October 26, 1999 (64 FR 57740), the Office of Inspector General (OIG) is announcing that the data bank will become operational for purposes of reporting information on November 22, 1999. In addition, the Department now is exercising its authority to impose a fee for self-queries to the data bank and is announcing a ten dollar fee for health care practitioners, providers or suppliers who request information about themselves (self-queries) from the HIPDB.

1. Reportable Actions

All reportable actions taken since August 21, 1996, the date of passage of the HIPDB's authorizing statute, section 221(a) of the Health Insurance Portability and Accountability Act (HIPAA) of 1996, must be reported to the HIPDB beginning November 22, 1999—the opening operational date for the data bank. To submit reports, registered entities must use the HIPDB web site at www.npdb-hipdb.com. Specific guidelines for reporting also can be found on this web site.

2. Self-query User Fee Amount

In conjunction with the opening of the HIPDB for reporting and as part of its obligations under the Privacy Act, the Department is offering at this time self-querying to health care practitioners, providers and suppliers.

Section 1128E(d)(2) of the Social Security Act, as added by section 221(a) of HIPAA, specifically authorizes the establishment of fees for the costs of processing requests for disclosure and for providing such information, and the final regulations at 45 CFR part 61 set forth the criteria and procedures for information to be reported to and disclosed by the HIPDB. The Act requires that the Department recover the full costs of operating the HIPDB through user fees. In determining any changes in the amount of the user fee, the Department is employing the criteria set forth in * 61.13(b) of the HIPDB regulations.

Specifically, § 61.13(b) states that the amount of each fee will be determined based on the following criteria:

- direct and indirect personnel costs;
- physical overhead, consulting, and other indirect costs including rent and depreciation on land, buildings and equipment;
- agency management and supervisory costs;
- costs of enforcement, research and establishment of regulations and guidance;
- use of electronic data processing equipment to collect and maintain information—the actual cost of the service, including computer search time, runs and printouts; and
- any other direct or indirect costs related to the provision of services.

The HIPDB incurs substantial labor costs for manual data input, sorting and responding to calls for Helpline assistance in order to process self-queries, as well as substantial postage and packaging costs for mailing self-query results to practitioners. As a result, based on an analysis of the costs of processing self-queries, the Department is establishing a ten dollar fee for each self-query.

In order to minimize administrative costs, the Department will accept payment for self-queries only by credit card. The HIPDB accepts Visa, MasterCard, and Discover. This fee is effective beginning November 19, 1999.

The Department will continue to review the user fee periodically, and will revise it as necessary. Any changes in the fee and its effective date will be announced in the **Federal Register**. We will also announce the fee structure and the opening date for queriers *submitted by authorized entities* through a separate **Federal Register** notice to be published shortly.

Dated: October 26, 1999.

June Gibbs Brown,

Inspector General.
