Forest Roads Open in Gregg Plume Timber Sale Area

Several roads on the Flathead National Forest in the Good Creek and Gregg Creek areas, approximately 20 miles west of Whitefish, are open to public travel. The roads were temporarily closed last December for safety purposes related to heavy logging truck traffic of the Gregg Plume Timber Sale.

Forest travelers are reminded to use caution when traveling in the area due to continued logging truck traffic and other related project work. The Gregg Plume Timber Sale, approximately 11 MBF, was awarded in the spring of 2007 to Stoltze Land and Lumber Company.

For more information, contact the Tally Lake Ranger District at 758-5208.
