Subpart 37.3—Dismantling, Demolition, or Removal of Improvements

37.300 Scope of subpart.

This subpart prescribes procedures for contracting for dismantling or demolition of buildings, ground improvements, and other real property structures and for the removal of such structures or portions of them (hereafter referred to as *dismantling, demolition, or removal of improvements*).

37.301 Labor standards.

Contracts for dismantling, demolition, or removal of improvements are subject to either the Service Contract Act (41 U.S.C. 351-358) or the Davis-Bacon Act (40 U.S.C. 276a-276a-7). If the contract is solely for dismantling, demolition, or removal of improvements, the Service Contract Act applies unless further work which will result in the construction, alteration, or repair of a public building or public work at that location is contemplated. If such further construction work is intended, even though by separate contract, then the Davis-Bacon Act applies

to the contract for dismantling, demolition, or removal.

37.302 Bonds or other security.

When a contract is solely for dismantling, demolition, or removal of improvements, the Miller Act (40 U.S.C. 270a-270f) (see 28.102) does not apply. However, the contracting officer may require the contractor to furnish a performance bond or other security (see 28.103) in an amount that the contracting officer considers adequate to (a) ensure completion of the work, (b) protect property to be retained by the Government, (c) protect property to be provided as compensation to the contractor, and (d) protect the Government against damage to adjoining property.

37.303 Payments.

(a) The contract may provide that the (1) Government pay the contractor for the dismantling or demolition of structures or (2) contractor pay the Government for the right to salvage and remove the materials resulting from the dismantling or demolition operation.

(b) The contracting officer shall consider the usefulness to the Government of all salvageable property. Any of the property that is more useful to the Government than its value as salvage to the contractor should be expressly designated in the contract for retention by the Government. The contracting officer shall determine the fair market value of any property not so designated, since the contractor will get title to this property, and its value will therefore be important in determining what payment, if any, shall be made to the contractor and whether additional compensation will be made if the contract is terminated.

37.304 Contract clauses.

(a) The contracting officer shall insert the clause at 52.237-4, Payment by Government to Contractor, in solicitations and contracts solely for dismantling, demolition, or removal of improvements whenever the contracting officer determines that the Government shall make payment to the contractor in addition to any title to property that the contractor may receive
