Federal Acquisition Regulation

considers necessary to protect the interest of the Government and the employees of the contractor or any subcontractor.

- (c) Examination. (1) The contracting officer shall examine the payrolls and payroll statements to ensure compliance with the contract and any statutory or regulatory requirements. Particular attention should be given to—
- (i) The correctness of classifications and rates:
 - (ii) Fringe benefits payments;
 - (iii) Hours worked;
 - (iv) Deductions; and
- (v) Disproportionate employment ratios of laborers, apprentices, or trainees, to journeymen.
- (2) Fringe benefits payments, contributions made, or costs incurred on other than a weekly basis shall be considered as a part of weekly payments to the extent they are creditable to the particular weekly period involved and are otherwise acceptable.
- (d) Preservation. The contracting agency shall retain payrolls and statements of compliance for 3 years after completion of the contract and make them available when requested by the Department of Labor at any time during that period. Submitted payrolls shall not be returned to a contractor or subcontractor for any reasons, but copies thereof may be furnished to the contractor or subcontractor who submitted them, or to a higher tier contractor or subcontractor.
- (e) Disclosure of payroll records. Contractor payroll records in the Government's possession must be carefully protected from any public disclosure which is not required by law, since payroll records may contain information in which the contractor's employees have a privacy interest, as well as information in which the contractor may have a proprietary interest that the Government may be obliged to protect. Questions concerning release of this information may involve the Freedom of Information Act (FOIA).

22.406-7 Compliance checking.

(a) General. The contracting officer shall make checks and investigations on all contracts covered by this subpart as may be necessary to ensure

- compliance with the labor standards requirement of the contract.
- (b) Regular compliance checks. Regular compliance checking includes the following activities:
- (1) Employee interviews to determine correctness of classifications, rates of pay, fringe benefits payments, and hours worked. (See Standard Form 1445.)
- (2) On-site inspections to check type of work performed, number and classification of workers, and fulfillment of posting requirements.
- (3) Payroll reviews to ensure that payrolls of prime contractors and subcontractors have been submitted on time and are complete and in compliance with contract requirements.
- (4) Comparison of the information in this paragraph (b) with available data, including daily inspector's report and daily logs of construction, to ensure consistency.
- (c) Special compliance checks. Situations that may require special compliance checks include—
- (1) Inconsistencies, errors, or omissions detected during regular compliance checks; or
- (2) Receipt of a complaint alleging violations. If the complaint is not specific enough, the complainant shall be so advised and invited to submit additional information.

22.406-8 Investigations.

Conduct labor standards investigations when available information indicates such action is warranted. In addition, the Department of Labor may conduct an investigation on its own initiative or may request a contracting agency to do so.

- (a) Contracting agency responsibilities. Conduct an investigation when a compliance check indicates that substantial or willful violations may have occurred or violations have not been corrected.
 - (1) The investigation must—
- (i) Include all aspects of the contractor's compliance with contract labor standards requirements;
- (ii) Not be limited to specific areas raised in a complaint or uncovered during compliance checks; and

22.406-8

- (iii) Use personnel familiar with labor laws and their application to contracts.
- (2) Do not disclose contractor employees' oral or written statements taken during an investigation or the employee's identity to anyone other than an authorized Government official without that employee's prior signed consent.
- (3) Send a written request to the Administrator, Wage and Hour Division, to obtain—
- (i) Investigation and enforcement instructions; or
- (ii) Available pertinent Department of Labor files.
- (4) Obtain permission from the Department of Labor before disclosing material obtained from Labor Department files, other than computations of back wages and liquidated damages and summaries of back wages due, to anyone other than Government contract administrators.
- (b) Investigation report. The contracting officer must review the investigation report on receipt and make preliminary findings. The contracting officer normally must not base adverse findings solely on employee statements that the employee does not wish to have disclosed. However, if the investigation establishes a pattern of possible violations that are based on employees' statements that are not authorized for disclosure, the pattern itself may support a finding of noncompliance.
- (c) Contractor notification. After completing the review, the contracting officer must—
- (1) Provide the contractor any written preliminary findings and proposed corrective actions, and notice that the contractor has the right to request that the basis for the findings be made available and to submit written rebuttal information.
- (2) Upon request, provide the contractor with rationale for the findings. However, under no circumstances will the contracting officer permit the contractor to examine the investigation report. Also, the contracting officer must not disclose the identity of any employee who filed a complaint or who was interviewed, without the prior consent of the employee.

- (3)(i) The contractor may rebut the findings in writing within 60 days after it receives a copy of the preliminary findings. The rebuttal becomes part of the official investigation record. If the contractor submits a rebuttal, evaluate the preliminary findings and notify the contractor of the final findings.
- (ii) If the contracting officer does not receive a timely rebuttal, the contracting officer must consider the preliminary findings final.
- (4) If appropriate, request the contractor to make restitution for underpaid wages and assess liquidated damages. If the request includes liquidated damages, the request must state that the contractor has 60 days to request relief from such assessment.
- (d) Contracting officer's report. After taking the actions prescribed in paragraphs (b) and (c) of this subsection—
- (1) The contracting officer must prepare and forward a report of any violations, including findings and supporting evidence, to the agency head. Standard Form 1446, Labor Standards Investigation Summary Sheet, is the first page of the report; and
- (2) The agency head must process the report as follows:
- (i) The contracting officer must send a detailed enforcement report to the Administrator, Wage and Hour Division, within 60 days after completion of the investigation, if—
- (A) A contractor or subcontractor underpaid by \$1,000 or more;
- (B) The contracting officer believes that the violations are aggravated or willful (or there is reason to believe that the contractor has disregarded its obligations to employees and subcontractors under the Davis-Bacon Act):
- (C) The contractor or subcontractor has not made restitution; or
- (D) Future compliance has not been assured.
- (ii) If the Department of Labor expressly requested the investigation and none of the conditions in paragraph (d)(2)(i) of this subsection exist, submit a summary report to the Administrator, Wage and Hour Division. The report must include—
 - (A) A summary of any violations;
 - (B) The amount of restitution paid;

- (C) The number of workers who received restitution:
- (D) The amount of liquidated damages assessed under the Contract Work Hours and Safety Standards Act:
 - (E) Corrective measures taken; and
- (F) Any information that may be necessary to review any recommendations for an appropriate adjustment in liquidated damages.
- (iii) If none of the conditions in paragraphs (d)(2)(i) or (ii) of this subsection are present, close the case and retain the report in the appropriate contract file.
- (iv) If substantial evidence is found that violations are willful and in violation of a criminal statute, (generally 18 U.S.C. 874 or 1001), forward the report (supplemented if necessary) to the Attorney General of the United States for prosecution if the facts warrant. Notify the Administrator, Wage and Hour Division, when the report is forwarded for the Attorney General's consideration.
- (e) Department of Labor investigations. The Department of Labor will furnish the contracting officer an enforcement report detailing violations found and any corrective action taken by the contractor, in investigations that disclose—
- (1) Underpayments totaling \$1,000 or more;
- (2) Aggravated or willful violations (or, when the contracting officer believes that the contractor has disregarded its obligations to employees and subcontractors under the Davis-Bacon Act); or
- (3) Potential assessment of liquidated damages under the Contract Work Hours and Safety Standards Act.
- (f) Other investigations. The Department of Labor will provide a letter summarizing the findings of the investigation to the contracting officer for all investigations that are not described in paragraph (e) of this subsection.

[65 FR 46065, July 26, 2000]

22.406-9 Withholding from or suspension of contract payments.

(a) Withholding from contract payments. If the contracting officer believes a violation exists (see 22.406–8), or upon request of the Department of Labor, the contracting officer must

- withhold from payments due the contractor an amount equal to the estimated wage underpayment and estimated liquidated damages due the United States under the Contract Work Hours and Safety Standards Act. (See 22.302.)
- (1) If the contracting officer believes a violation exists or upon request of the Department of Labor, the contracting officer must withhold funds from any current Federal contract or Federally assisted contract with the same prime contractor that is subject to either Davis-Bacon Act or Contract Work Hours and Safety Standards Act requirements.
- (2) If a subsequent investigation confirms violations, the contracting officer must adjust the withholding as necessary. However, if the Department of Labor requested the withholding, the contracting officer must not reduce or release the withholding without written approval of the Department of Labor.
- (3) Use withheld funds as provided in paragraph (c) of this subsection to satisfy assessed liquidated damages, and unless the contractor makes restitution, validated wage underpayments.
- (b) Suspension of contract payments. If a contractor or subcontractor fails or refuses to comply with the labor standards clauses of the Davis-Bacon Act and related statutes, the agency, upon its own action or upon the written request of the Department of Labor, must suspend any further payment, advance, or guarantee of funds until the violations cease or until the agency has withheld sufficient funds to compensate employees for back wages, and to cover any liquidated damages due.
- (c) Disposition of contract payments withheld or suspended. (1) Forwarding wage underpayments to the Secretary of the Treasury. Upon final administrative determination, if the contractor or subcontractor has not made restitution, the contracting officer must forward to the appropriate disbursing office Standard Form (SF) 1093, Schedule of Withholdings Under the Davis-Bacon Act (40 U.S.C. 276(a)) and/or Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333). Attach to the SF 1093 a list of the name, social security number, and last known address of
