

Federal Acquisition Regulation

32.503-3

and subsequent invoices for the severable portions of work in order to maintain accounting integrity.

[65 FR 16280, Mar. 27, 2000, as amended at 65 FR 24325, Apr. 25, 2000]

32.503 Postaward matters.

This section covers matters that are generally relevant only after award of a contract. This does not preclude taking actions discussed here before award, if appropriate; e.g., preaward review of accounting systems and controls.

32.503-1 Contractor requests.

Each contractor request for progress payment must—

(a) Be submitted on Standard Form 1443, Contractor's Request for Progress Payment, in accordance with the form instructions and the contract terms;

(b) Include any additional information reasonably requested by the contracting officer; and

(c) Be \$2,500 or more, unless agency procedures authorize a lower amount.

[65 FR 16280, Mar. 27, 2000]

32.503-2 Supervision of progress payments.

(a) The extent of progress payments supervision, by prepayment review or periodic review, should vary inversely with the contractor's experience, performance record, reliability, quality of management, and financial strength, and with the adequacy of the contractor's accounting system and controls. Supervision shall be of a kind and degree sufficient to provide timely knowledge of the need for, and timely opportunity for, any actions necessary to protect Government interests.

(b) The administering office must keep itself informed of the contractor's overall operations and financial condition, since difficulties encountered and losses suffered in operations outside the particular progress payment contract may affect adversely the performance of that contract and the liquidation of the progress payments.

(c) For contracts with contractors (1) whose financial condition is doubtful or not strong in relation to progress payments outstanding or to be outstanding, (2) with management of

doubtful capacity, (3) whose accounting controls are found by experience to be weak, or (4) experiencing substantial difficulties in performance, full information on progress under the contract involved (including the status of subcontracts) and on the contractor's other operations and overall financial condition should be obtained and analyzed frequently, with a view to protecting the Government's interests better and taking such action as may be proper to make contract performance more certain.

(d) So far as practicable, all cost problems, particularly those involving indirect costs, that are likely to create disagreements in future administration of the contract should be identified and resolved at the inception of the contract (see 31.109).

32.503-3 Initiation of progress payments and review of accounting system.

(a) For contractors that the administrative contracting officer (ACO) has found by previous experience or recent audit review (within the last 12 months) to be (1) reliable, competent, and capable of satisfactory performance, (2) possessed of an adequate accounting system and controls, and (3) in sound financial condition, progress payments in amounts requested by the contractor should be approved as a matter of course.

(b) For all other contractors, the ACO shall not approve progress payments before determining (1) that (i) the contractor will be capable of liquidating any progress payments or (ii) the Government is otherwise protected against loss by additional protective provisions, and (2) that the contractor's accounting system and controls are adequate for proper administration of progress payments. The services of the responsible audit agency or office should be used to the greatest extent practicable. However, if the auditor so advises, a complete audit may not be necessary.
