

49.109

and pay these proposals. However, when the TCO determines that it is in the Government's interest, the TCO shall, after notifying the contractor, settle the subcontractor's proposal using the procedures for settlement of prime contracts. An example in which the Government's interest would be served is when a subcontractor is a sole source and it appears that a delay by the prime contractor in settlement or payment of the subcontractor's proposal will jeopardize the financial position of the subcontractor. Direct settlements with subcontractors are not encouraged.

49.109 Settlement agreements.

49.109-1 General.

When a termination settlement has been negotiated and all required reviews have been obtained, the contractor and the TCO shall execute a settlement agreement on Standard Form 30 (Amendment of Solicitation/Modification of Contract) (see 49.603). The settlement shall cover (a) any setoffs that the Government has against the contractor that may be applied against the terminated contract and (b) all settlement proposals of subcontractors, except proposals that are specifically excepted from the agreement and reserved for separate settlement.

49.109-2 Reservations.

(a) The TCO shall—

(1) Reserve in the settlement agreement any rights or demands of the parties that are excepted from the settlement;

(2) Ensure that the wording of the reservation does not create any rights for the parties beyond those in existence before execution of the settlement agreement;

(3) Mark each applicable settlement agreement with "This settlement agreement contains a reservation" and retain the contract file until the reservation is removed;

(4) Ensure that sufficient funds are retained to cover complete settlement of the reserved items; and

(5) At the appropriate time, prepare a separate settlement of reserved items

48 CFR Ch. 1 (10-1-02 Edition)

and include it in a separate settlement agreement.

(b) A recommended format for settlement of reservations appears in 49.603-9.

49.109-3 Government property.

Before execution of a settlement agreement, the TCO shall determine the accuracy of the Government property account for the terminated contract. If an audit discloses property for which the contractor cannot account, the TCO shall reserve in the settlement agreement the rights of the Government regarding that property or make an appropriate deduction from the amount otherwise due the contractor.

49.109-4 No-cost settlement.

The TCO shall execute a no-cost settlement agreement (see 49.603-6 or 49.603-7, as applicable) if (a) the contractor has not incurred costs for the terminated portion of the contract or (b) the contractor is willing to waive the costs incurred and (c) no amounts are due the Government under the contract.

49.109-5 Partial settlements.

The TCO should attempt to settle in one agreement all rights and liabilities of the parties under the contract except those arising from any continued portion of the contract. Generally, the TCO shall not attempt to make partial settlements covering particular items of the prime contractor's settlement proposal. However, when a TCO cannot promptly complete settlement under the terminated contract, a partial settlement may be entered into if (a) the issues on which agreement has been reached are clearly severable from other issues and (b) the partial settlement will not prejudice the Government's or contractor's interests in disposing of the unsettled part of the settlement proposal.

49.109-6 Joint settlement of two or more settlement proposals.

(a) With the consent of the contractor, the TCO or TCO's concerned may negotiate jointly two or more termination settlement proposals of the same contractor under different contracts, even though the contracts are
