19.1307 Price evaluation preference for HUBZone small business concerns.

(a) The price evaluation preference for HUBZone small business concerns shall be used in acquisitions conducted using full and open competition. The preference shall not be used—

(1) In acquisitions expected to be less than or equal to the simplified acquisition threshold;

(2) Where price is not a selection factor so that a price evaluation preference would not be considered (e.g., Architect/Engineer acquisitions);

(3) Where all fair and reasonable offers are accepted (e.g., the award of multiple award schedule contracts).

(b) The contracting officer shall give offers from HUBZone small business concerns a price evaluation preference by adding a factor of 10 percent to all offers, except—

(1) Offers from HUBZone small business concerns that have not waived the evaluation preference;

(2) Otherwise successful offers from small business concerns;

(3) Otherwise successful offers of eligible products under the Trade Agree-

48 CFR Ch. 1 (10-1-02 Edition)

ments Act when the acquisition equals or exceeds the dollar threshold in 25.403; and

(4) Otherwise successful offers where application of the factor would be inconsistent with a Memorandum of Understanding or other international agreement with a foreign government (see agency supplement).

(c) The factor of 10 percent shall be applied on a line item basis or to any group of items on which award may be made. Other evaluation factors, such as transportation costs or rent-free use of Government facilities, shall be added to the offer to establish the base offer before adding the factor of 10 percent.

(d) A concern that is both a HUBZone small business concern and a small disadvantaged business concern shall receive the benefit of both the HUBZone small business price evaluation preference and the small disadvantaged business price evaluation adjustment (see subpart 19.11). Each applicable price evaluation preference or adjustment shall be calculated independently against an offeror's base offer. These individual preference and adjustment amounts shall both be added to the base offer to arrive at the total evaluated price for that offer.
