### 28.001 Definitions.

As used in this part—

*Attorney-in-fact* means an agent, independent agent, underwriter, or any other company or individual holding a power of attorney granted by a surety (see also *power of attorney* at 2.101).

*Bid* means any response to a solicitation, including a proposal under a negotiated acquisition. See the definition of “offer” at 2.101.

*Bidder* means any entity that is responding or has responded to a solicitation, including an offeror under a negotiated acquisition.

*Bid guarantee* means a form of security assuring that the bidder (1) will not withdraw a bid within the period specified for acceptance and (2) will execute a written contract and furnish required bonds, including any necessary coinsurance or reinsurance agreements, within the time specified in the bid, unless a longer time is allowed, after receipt of the specified forms.

*Bond* means a written instrument executed by a bidder or contractor (the “principal”), and a second party (“the surety” or “sureties”) (except as provided in 28.204), to assure fulfillment of the principal’s obligations to a third party (the “obligee” or “Government”), identified in the bond. If the principal’s obligations are not met, the bond assures payment, to the extent stipulated, of any loss sustained by the obligee. The types of bonds and related documents are as follows:

(1) An advance payment bond secures fulfillment of the contractor’s obligations under an advance payment provision.

(2) An annual bid bond is a single bond furnished by a bidder, in lieu of

separate bid bonds, which secures all bids (on other than construction contracts) requiring bonds submitted during a specific Government fiscal year.

(3) An annual performance bond is a single bond furnished by a contractor, in lieu of separate performance bonds, to secure fulfillment of the contractor's obligations under contracts (other than construction contracts) requiring bonds entered into during a specific Government fiscal year.

(4) A patent infringement bond secures fulfillment of the contractor's obligations under a patent provision.

(5) A payment bond assures payments as required by law to all persons supplying labor or material in the prosecution of the work provided for in the contract.

(6) A performance bond secures performance and fulfillment of the contractor's obligations under the contract.

*Consent of surety* means an acknowledgment by a surety that its bond given in connection with a contract continues to apply to the contract as modified.

*Penal sum or penal amount* means the amount of money specified in a bond (or a percentage of the bid price in a bid bond) as the maximum payment for which the surety is obligated or the amount of security required to be pledged to the Government in lieu of a corporate or individual surety for the bond.

*Reinsurance* means a transaction which provides that a surety, for a consideration, agrees to indemnify another surety against loss which the latter may sustain under a bond which it has issued.

### Subpart 28.1—Bonds and Other Financial Protections

#### 28.100 Scope of subpart.

This subpart prescribes requirements and procedures for the use of bonds, alternative payment protections, and all types of bid guarantees.

[62 FR 44806, Aug. 22, 1997]

#### 28.101 Bid guarantees.

##### 28.101-1 Policy on use.

(a) A contracting officer shall not require a bid guarantee unless a performance bond or a performance and payment bond is also required (see 28.102 and 28.103). Except as provided in paragraph (c) of this subsection, bid guarantees shall be required whenever a performance bond or a performance and payment bond is required.

(b) All types of bid guarantees are acceptable for supply or service contracts (see annual bid bonds and annual performance bonds coverage in 28.001). Only separate bid guarantees are acceptable in connection with construction contracts. Agencies may specify that only separate bid bonds are acceptable in connection with construction contracts.

(c) The chief of the contracting office may waive the requirement to obtain a bid guarantee when a performance bond or a performance and payment bond is required if it is determined that a bid guarantee is not in the best interest of the Government for a specific acquisition (e.g., overseas construction, emergency acquisitions, sole-source contracts). Class waivers may be authorized by the agency head or designee.

##### 28.101-2 Solicitation provision or contract clause.

(a) The contracting officer shall insert a provision or clause substantially the same as the provision at 52.228-1, Bid Guarantee, in solicitations or contracts that require a bid guarantee or similar guarantee. For example, the contracting officer may modify this provision—

(1) To set a period of time that is other than 10 days for the return of executed bonds;

(2) For use in connection with construction solicitations when the agency has specified that only separate bid bonds are acceptable in accordance with 28.101-1(b);

(3) For use in solicitations for negotiated contracts; or
