

I support subject proposed rule and urge the FTC to enact this rule as soon as possible. We must stem the tide of unwanted, unsolicited pornographic emails, help people who choose to filter out these harmful emails to which our society, most importantly our children, are constantly otherwise subjected, and have meaningful recourse/penalties in place and enforced against those who deliberately defy and violate this rule once enacted.

Thank you for the opportunity to provide my comments on this important topic.

Sincerely,
