225.7011 Restriction on Ballistic Missile Defense research, development, test, and evaluation.

225.7011-1 Definitions.

Competent, foreign firm, and U.S. firm have the meanings given in the provision at 252.225-7018, Notice of Prohibition of Certain Contracts with Foreign Entities for the Conduct of Ballistic Missile Defense RDT&E.

[56 FR 36367, July 31, 1991, as amended at 59 FR 27672, May 27, 1994]

225.7011-2 Restriction.

(a) Section 222 of the Defense Authorization Act for FY1988 and 1989 (Pub. L. 100-180) prohibits the award of certain contracts for the conduct of Ballistic Missile Defense (BMD) Program research, development, test, and evaluation (RDT&E), to foreign governments or firms unless the Secretary of Defense certifies to Congress in writing at any time during the applicable fiscal year that work cannot be competently performed by a U.S. firm at a price equal to or less than the price of the foreign government or firm.

(b) For purposes of implementing this section, heads of contracting activities are authorized to make this certification (see 225.7011-3(b)).

(c) Except as provided in 225.7011-3, do not use any funds appropriated to, or for the use of, DoD to enter into or carry out any contract, including any contract awarded as a result of a broad agency announcement, with a foreign government or firm if the contract provides for the conduct of RDT&E in connection with the BMD.

(d) This prohibition is not intended to deny access to foreign expertise when contract performance requires a level of competency unavailable in the United States.

[56 FR 36367, July 31, 1991, as amended at 59 FR 27672, May 27, 1994]

48 CFR Ch. 2 (10-1-02 Edition)

225.7011-3 Exceptions.

This prohibition shall not apply—

(a) To contracts awarded to a foreign government or firm if the contracting officer determines that—

(1) The contract will be performed within the United States;

(2) The contract is exclusively for RDT&E in connection with antitactical ballistic missile systems; or

(3) The foreign government or foreign firm agrees to share a substantial portion of the total contract cost. Consider the foreign share as substantial if it is equitable with respect to the relative benefits to be derived from the contract by the United States and the foreign parties. For example, if the contract is more beneficial to the foreign party, its share of the cost should be correspondingly higher; or

(b) If the head of the contracting activity certifies in writing, before contract award, that a contract for research, development, testing, or evaluation (other than for RDT&E described in paragraph (a)(2) of this subsection) cannot be competently performed by a U.S. firm at a price equal to or less than the price at which the RDT&E would be performed by a foreign government or firm.

225.7011-4 Procedures.

(a) When awarding a prime contract to a foreign government or firm under 225.7011-3(b), the contracting officer or source selection authority, as applicable, shall make a determination that will be the basis for the certification.

(1) The determination must—

(i) Describe the contract effort;

(ii) State the number of proposals solicited and received from both U.S. and foreign firms;

(iii) Identify the proposed awardee and the amount of the contract;

(iv) State that selection of the contractor was based on the evaluation factors contained in the solicitation, or the criteria contained in the broad agency announcement; and

(v) State that the effort cannot be competently performed by a U.S. firm at a price equal to, or less than, the price at which it would be performed by the foreign awardee.
