225.802-71 End user certificates.

Contracting officers considering the purchase of an item from a foreign source may encounter a request for the signing of a certificate to the effect that the Armed Forces of the United States is the end user of the equipment, and that it will not be transferred to third parties without authorization from the Government of the country selling the item. When encountering this situation, refer to DoD Directive 2040.3, End User Certificates, for guidance.
