252.236-7010

(End of provision)

[56 FR 36479, July 31, 1991, as amended at 62 FR 2615, Jan. 17, 1997]

### 252.236-7007 Additive or deductive items.

As prescribed in 236.570(b)(5), use the following provision:

#### ADDITIVE OR DEDUCTIVE ITEMS (DEC 1991)

(a) The low offeror and the items to be awarded shall be determined as follows—

(1) Prior to the opening of bids, the Government will determine the amount of funds available for the project.

(2) The low offeror shall be the Offeror that—

(i) Is otherwise eligible for award; and

(ii) Offers the lowest aggregate amount for the first or base bid item, plus or minus (in the order stated in the list of priorities in the bid schedule) those additive or deductive items that provide the most features within the funds determined available.

(3) The Contracting Officer shall evaluate all bids on the basis of the same additive or deductive items.

(i) If adding another item from the bid schedule list of priorities would make the award exceed the available funds for all offerors, the Contracting Officer will skip that item and go to the next item from the bid schedule of priorities; and

(ii) Add that next item if an award may be made that includes that item and is within the available funds.

(b) The Contracting Officer will use the list of priorities in the bid schedule only to determine the low offeror. After determining the low offeror, an award may be made on any combination of items if—

(1) It is in the best interest of the Government;

(2) Funds are available at the time of award; and

(3) The low offeror's price for the combination to be awarded is less than the price offered by any other responsive, responsible offeror.

(c) *Example.* The amount available is \$100,000. Offeror A's base bid and four additives (in the order stated in the list of priorities in the bid Schedule) are \$85,000, \$10,000, \$8,000, \$6,000, and \$4,000. Offeror B's base bid and four additives are \$80,000, \$16,000, \$9,000, \$7,000, and \$4,000. Offeror A is the low offeror. The aggregate amount of offeror A's bid for

purposes of award would be \$99,000, which includes a base bid plus the first and fourth additives. The second and third additives were skipped because each of them would cause the aggregate bid to exceed \$100,000.

(End of provision)

### 252.236-7008 Contract prices—bidding schedules.

As prescribed in 236.570(b)(6), use the following provision:

#### CONTRACT PRICES—BIDDING SCHEDULES (DEC 1991)

(a) The Government's payment for the items listed in the Bidding Schedule shall constitute full compensation to the Contractor for—

(1) Furnishing all plant, labor, equipment, appliances, and materials; and

(2) Performing all operations required to complete the work in conformity with the drawings and specifications.

(b) The Contractor shall include in the prices for the items listed in the Bidding Schedule all costs for work in the specifications, whether or not specifically listed in the Bidding Schedule.

(End of provision)

### 252.236-7009 Option for supervision and inspection services.

As prescribed in 236.609-70, use the following clause:

#### OPTION FOR SUPERVISION AND INSPECTION SERVICES (DEC 1991)

(a) The Government may—

(1) At its option, direct the Contractor to perform any part or all of the supervision and inspection services for the construction contract as provided under appendix A of this contract; and

(2) Exercise its option, by written order, at any time prior to six months after satisfactory completion and acceptance of the work under this contract.

(b) Upon receipt of the Contracting Officer's written order, the Contractor shall proceed with the supervision and inspection services.

(End of clause)
