

**Subpart 239.70 Exchange or Sale of Information Technology (IT)**

SOURCE: 62 FR 1059, Jan. 8, 1997, unless otherwise noted.

**239.7000 Scope of subpart.**

This subpart contains unique DoD procedures for the exchange or sale of information technology using the exchange authority of the General Services Administration (GSA). This subpart only applies to items with an original acquisition cost of \$1,000,000 or more.

**239.7001 Policy.**

Agencies should consider exchange/sale when replacing Government-owned information technology. Exchange/sale is a method of—

- (a) Transferring the equipment to be replaced to—
  - (1) Another Government agency, with reimbursement (sale); or
  - (2) The supplier of the replacement information technology for a trade-in allowance (exchange).
- (b) Applying the proceeds of sale or the exchange allowance toward the purchase of replacement information technology.

**239.7002 Conditions for using exchange/sale.**

- (a) The requiring activity must make a written determination that—
  - (1) The trade-in allowance of the exchange or the proceeds of the sale will be applied to acquire the replacement information technology; and
  - (2) The exchange/sale transaction will foster the economic and efficient accomplishment of a continuing requirement.
- (b) The replacement equipment must be information technology—
  - (1) Similar to the resource being sold or exchanged;
  - (2) Which will satisfy the continuing requirement currently met by the resource being replaced.

**239.7003 Procedures.**

- (a) Comply with—
  - (1) This subpart;
  - (2) Subpart 217.70; and
  - (3) The Defense Automation Resources Management Manual.

- (b) Solicit offers both on an exchange (trade-in for allowance) or no exchange (no trade-in) basis.

- (c) Retain the option to exercise any exchange offer at the time of award.

- (d) List and describe the information technology to be exchanged in the solicitation. At a minimum include—

- (1) A brief description of each item;
- (2) Name of manufacturer;
- (3) Equipment type;
- (4) Model number; and
- (5) The condition code and explanation of the code.

- (e) Allow sufficient time in the contracting schedule to permit screening within the Government of the information technology to be exchanged prior to contract award.

- (f) Immediately upon receipt of offers, determine the highest exchange offer (if any) and use it to initiate screening under the Defense Automation Resources Management Manual.

- (1) Send an SF 120, Report of Excess Personal Property, to the Defense Information Systems Agency, Chief Information Officer, Defense Automation Resources Management Program Division, Attn: D03D, 701 South Courthouse Road, Arlington, VA 22204-2199. Prominently display the following note on the original and five copies of the SF 120:

Exchange/“Sale” Property

A written administrative determination has been (will be) made to apply the exchange allowance or proceeds of “sale” to the acquisition of similar items.

- (2) Include the following additional information with the SF 120:
  - (i) The identity of the offeror of the exchange;
  - (ii) The type of replacement equipment;
  - (iii) The acquisition method for the replacement equipment;
  - (iv) The anticipated purchase price for the replacement equipment; and
  - (v) The name and telephone number of the contracting officer.
- (g) Evaluate offers using the solicitation criteria, including consideration of any exchange allowance offers. Award can be made whether or not the replaced information technology is exchanged.
