

(1) Where there are circumstances indicating that all or a part of the wine reported lost was unlawfully removed, or

(2) Where the loss on bonded wine premises during the annual period exceeds three percent of the aggregate volume of wine on-hand at the beginning of the annual period and the volume of wine received in bond during the annual period; or the loss exceeds six percent of the still wine produced by fermentation; or the loss exceeds six percent of the sparkling wine produced by fermentation in bottles; or the loss exceeds three percent of the special natural wine produced under §24.195 or other wine produced under §24.218; or the loss exceeds three percent of the artificially carbonated wine produced; or the loss exceeds three percent of the bulk process sparkling wine produced.

The percentage applicable to each tax class of wine will be calculated separately, unless the calculation is impracticable because of the mixture of different tax classes by addition of wine spirits or blending during the annual period, in which case the percentage will be calculated on the aggregate volume. Wine removed immediately after production for use as distilling material and on which the usual racking, clarifying, and filtering losses are not sustained, will not be included in the calculations.

(c) *Bottle and other container wine losses.* Wine filled into a bottle or other similar containers are not subject to losses due to spillage, leakage, soakage, evaporation, and other losses normally occurring from racking and filtering. In addition, wine that has been filled into a bottle or other similar containers can be accurately accounted for and any unexplained shortage is considered evidence of an unreported removal. Therefore, the proprietor shall pay the tax on any unexplained loss of untaxpaid bottled or packed wine disclosed by inventory or otherwise. (Sec. 201, Pub. L. 85-859, 72 Stat. 1381, as amended (26 U.S.C. 5367, 5369, 5370))

§ 24.271 Payment of tax by return with remittance.

(a) *General.* The tax on wine is paid by an Excise Tax Return, Form 5000.24, which is filed with remittance (check, cash, or money order) for the full amount of tax due. Prepayments of tax on wine during the period covered by the return are shown separately on the Excise Tax Return form. If no tax is due for the return period, the filing of a return is not required.

(b) *Return periods and due dates—(1) Return periods.* (i) *Definitions.* For purposes of this section, the following terms have the meanings indicated:

Reasonably expects. When used with reference to a taxpayer, *reasonably expects* means the taxpayer was not liable for more than \$50,000 in taxes the previous year and there is no other existing or anticipated circumstance known to the taxpayer (such as an increase in production capacity) that would cause the taxpayer's liability to increase beyond that limit.

Taxpayer. A *taxpayer* is a person who is liable for excise tax imposed with respect to wine by 26 U.S.C. 5041 and 7652 under the same Employer Identifica-

tion Number as defined in 26 CFR 301.7701-12.

(ii) *Semimonthly return period.* Except in the case of a taxpayer who qualifies for, and chooses to use, the annual return period as provided in § 24.273 or the quarterly return period as provided in paragraph (b)(1)(iii) of this section, all taxpayers who have filed a bond for deferred payment of taxes must use semimonthly return periods. The semimonthly return periods shall run from the 1st day through the 15th day of each month, and from the 16th day through the last day of each month, except as otherwise provided in paragraph (c) of this section.

(iii) *Quarterly return period.* Effective January 1, 2006, a taxpayer who has filed a bond for deferred payment of taxes, who reasonably expects to be liable for not more than \$50,000 in taxes with respect to wine imposed by 26 U.S.C. 5041 and 7652 for the current calendar year, and who was liable for not more than \$50,000 in such taxes in the preceding calendar year, may choose to use a quarterly return period. In such a case the last day for payment of tax and filing the return will be the 14th day after the last day of the calendar quarter. However, the taxpayer may not use the quarterly return period procedure for any portion of the calendar year following the first date on which the aggregate amount of tax due from the taxpayer during the calendar year exceeds \$50,000, and any tax which has not been paid on that date will be due on the 14th day after the last day of the semimonthly period in which that date occurs.

(2) *Semimonthly and quarterly tax return due dates.* The taxpayer shall file the semimonthly or quarterly return, with remittance, for each return period not later than the 14th day after the last day of the return period. If the due date falls on a Saturday, Sunday, or legal holiday, the return and remittance shall be due on the immediately preceding day which is not a Saturday, Sunday, or legal holiday, except as otherwise provided in paragraph (c)(3) of this section.

(c) *Special September rule for taxes due by semimonthly return*(1) *Division of second semimonthly period—(i) General.* Except as provided in paragraph (c)(1)(ii)
