

§ 24.81

§ 24.81 Filing of formulas.

The proprietor shall on each formula filed designate all ingredients and, if required, describe each process used to produce the wine. The addition or elimination of ingredients, changes in quantities used, and changes in the process of production, or any other change in an approved formula, will require the filing of a new TTB F 5120.29. After a change in formula is approved, the original formula must be surrendered to the appropriate TTB officer. The proprietor shall serially number each formula, commencing with "1" and continuing thereafter in numerical sequence. Nonbeverage wine formulas will be prefixed with the symbol "NB." The appropriate TTB officer may at any time require the proprietor to file a statement of process in addition to that required by the TTB F 5120.29 or any other data to determine whether the formula should be approved or the approval continued. (Sec. 201, Pub. L. 85-859, 72 Stat. 1381, as amended, 1395, as amended (26 U.S.C. 5367, 5555))

§ 24.82 Samples.

Except for vinegar and salted wine as defined in § 24.215, the proprietor shall submit under separate cover at the time of filing any nonbeverage wine formula a 750 mL sample of the base wine used and a 750 mL sample of the finished wine or wine product. The latter sample will be considered representative of the finished product. Any material change in the flavor or other characteristics of the finished product from that of the approved sample will require the filing of a new formula even though the ingredients may be the same. In addition, the appropriate TTB officer may, at any time, require the proprietor to submit samples of any wine or wine product made in accordance with an approved formula or of any materials used in pro-

ESSENCES

§ 24.85 Essences.

Essences or extracts (preparations of natural constituents extracted from fruit, herbs, berries, etc.) may be used in the production of any formula wine except agricultural wine. The essences may be produced on wine premises or elsewhere. Where an essence contains spirits, use of the essence may not increase the volume of the wine more than 10 percent nor its alcohol content more than four percent by volume. (Sec. 201, Pub. L. 85-859, 72 Stat. 1386, as amended (26 U.S.C. 5386))

§ 24.86 Essences produced on wine premises.

Wine, taxpaid spirits, or spirits withdrawn tax-free may be used in the production of essences on wine premises. The description of the process for producing the essence may be included as part of a formula for the production of a formula wine or a separate formula may be filed on TTB F5120.29. If a separate formula is filed for the essence, the serial number of the formula by which it is produced will be shown in the TTB F 5120.29 covering the formula wine in which it is to be used. If an essence is to be made in quantities greater than required for individual lots of formula wine, and stored on the premises, a separate formula will be filed for the essence. Essences made on wine premises with wine spirits withdrawn free of tax pursuant to 26 U.S.C. 5214(a)(5) may only be used in the production of a formula wine, and may not be removed from the premises where made. Essences made on wine premises with the use of tax-free spirits withdrawn free of tax pursuant to 26 U.S.C. 5214(a)(13) may only be used in the production of a nonbeverage wine or wine product and may not be removed from the premises where made.
